Wade,

I don't think I need to address—

No matter how much we invest in video, the news is not the same—we had it—

Voice level in debate is ridiculous—

Happy Sunday—

not as easy to explain how it works—

Video is more about to attack—

Own is not related to impression techniques—

It may be time to return to 1st step—

we do not do that with videos—

Video file is more opaque—

Right fine.
