CONFIDENTIAL PRIVATE PLACEMENT MEMORANDUM

$12 MILLION PREFERRED STOCK

January 2001

WACHOVIA SECURITIES, INC.
Company has retained Foley & Lardner to shepherd its patent development and procurement. In addition, the Company has retained Kenneth Rubenstein of Prokauer Rose, LLP to oversee its entire patent portfolio. Mr. Rubenstein is the head of the MPEG-2 patent pool.

iviewit has assembled a complementary and seasoned management team with executive rank, Fortune 100 and early-stage, entrepreneurial experience. The Company has retained Korn / Ferry to assist in the identification and recruitment of a high impact Chief Executive Officer (preferably from the media or entertainment industry) and an experienced Chief Technical Officer.

Since its June 1999 inception, the Company has raised over $4.3 million of venture capital from Crossbow Ventures, Fluencia Holdings, and individual investors.

**Technology Overview**

**Imaging:**

iviewit’s imaging process is an enabling technology that creates an unparalleled, content-rich, viewing experience. Significant advantages of iviewit’s imaging process include the following:

- Photo-quality Internet images
- Resistance to pixelation even at 30:1 magnification (note: depending upon the material and the desired magnification)
- Full-screen and panoramic viewing up to 360°
- Consistent quality regardless of the end-user’s Internet connection
- File sizes of 30Kb to 700 Kb for full panorama

**Video:**

The Company’s video technologies allow high quality video streaming in the 150-300 Kbps range, providing better product and price performance for the product delivered and a significantly improved results in the 28-150 Kbps range. Below is a chart comparing iviewit’s video capability to current industry levels:

<table>
<thead>
<tr>
<th>Bandwidth Range</th>
<th>iviewit Frame Rate</th>
<th>Industry Typical Frame Rate</th>

The iviewit video technology is a highly scalable process costing approximately $1.50/min of encoded video. The resulting files are ~25% less than comparable quality files. iviewit’s 220Kbps streams are equivalent to competition 300Kbps streams.

**Business Strategy**

iviewit intends to serve as an end-to-end applications solutions provider incorporating iviewit’s proprietary imaging and/or video technologies as well as a full-service image and video encoding, hosting and serving provider. iviewit licenses its imaging solutions to B2B and B2C clients in the auction, collectibles, and retail space with subsequent marketing into the healthcare and medical markets. iviewit is also structuring OEM and re-seller relationships to bundle the imaging software and processes with existing hardware including digital cameras, scanners, and PCs. iviewit is structuring video license agreements with major content and broadband access providers to incorporate the iviewit process into video encoding solutions for direct internet streaming.

iviewit technologies are “process technologies” with pending patents based on efficiency equations, and many of the applications for these technologies are just now being recognized.
III. INVESTMENT HIGHLIGHTS

- Unique processing technologies for video and imaging
  iviewit's patent pending processing technologies can create high-definition images with "scary, pan, and zoom" capabilities, high-fidelity audio streams, and full-screen, full-frame rate video for streaming over the Internet. The iviewit video technology is a highly scalable process. The resulting files are approximately 25% less than comparable quality files, i.e., about 220Kbps streams and equivalent to competitive 300Kbps streams. The Company's imaging process delivers images that are photo-quality, resistant to pixelation even at magnification levels of 30x1. Images produced by iviewit's proprietary process are identical in quality regardless of the end-user's Internet connection speed. File size options are tailored to minimize downloading and optimize the end-user's experience.

- Complementary and Seasoned Fortune 100 and Entrepreneurial Management Team
  iviewit has assembled a complementary and seasoned management team with Fortune 100 and early-stage, entrepreneurial experience. Management consists of former IBM operations executives who have experience in building video delivery capabilities and of marketing talent from successful venture-backed technology companies. The Company recognizes its strength in operations and product development and recognizes the need to attract a capable, experienced CEO and CTO to accelerate the Company's development. iviewit has retained Korns/Ferry to assist in the identification and recruitment of this talent.

- Strong and Experienced Board of Directors and Advisory Board
  iviewit's Board of Directors and Advisors consist of several well-established individuals from the technology, entertainment, and financial community. Directors have extensive backgrounds with top-tier firms such as Goldman Sachs, Kidder Peabody, and McKinsey & Co. Crossbow Ventures has provided $3.0 million in funding and sits on the Board. Technology and entertainment guidance comes from a partner at Armstrong Hirsch Jackoway & Wertheimer and from Kenneth Rubenstein, the head of the MPEG-2 patent pool.

- Significant Intellectual Property Position and Strategy
  iviewit has protected its enabling technologies by filing 2 patent pending applications in both the United States and abroad for its video streaming and image capturing technology, covering a wide array of enabling technologies. The Company also has two remaining provisional patent pending applications that will be converted to patent pending status within the allowable period. The Company has retained Foley & Lardner to shepherd its patent development and procurement. In addition, the Company has retained Kenneth Rubenstein of Proskauer Rose, LLP to oversee its entire patent portfolio. The Company's strategy is to establish market precedence through licensing of trade secrets and know-how.

- Substantial Market Penetration and Growing Customer Acceptance
  The Company commercialized its products in May 2000. In just 5 months, iviewit has experienced a 75% success rate in obtaining service and licensing customers, securing Y7 customers to date—primarily in the entertainment, advertising, and hotel markets. The Company expects to realize approximately $400,000 in revenues by year-end from these customers. High-profile customers include Ellen DeGeneres, Z.com (Alamas Morisette), Hyatt Hotels, Gear Magazine, and Hollywood.com. Highly probable for closing by year-end 2000 include Warner Brothers and Greg Manning Collectibles.

- Focused on Media Rich Target Markets—Unlocking the Value of Content
  The Company's business strategy is to first target high-profile content owners and distributors as clients to process video and images and to brand those images with iviewit's logo. Secondly, iviewit plans to co-brand with famous celebrities and
