The Federal Reserve is the most evil of all institutions ever created in America. As I have repeatedly written it was created in 1913 under the Woodrow Wilson administration in a secret meeting of elected supporters that were held over while all others went home for the Christmas break. The very name itself is deceptive in that it makes the common people think it is a part of the federal government and it is not at all. As a matter of fact it is not subject to audit by congress and does not have to reveal what it is doing as far as creating monetary policy that affects the lives of every citizen of America. It is a private for profit entity that creates inflation when it wants it or deflation, recession and depression. Every bank in America is subject to the wiles of this organization. If you will recall the so-called corrupt Savings and Loans associations were put out of business supposedly for being corrupt and there were a few among the many but it was the Federal Reserve under the leadership of Paul Volcker that brought them down. Why, because of their independence from the Federal Reserve.

Volcker said he would not rest until every Savings and Loan institution in America was out of business. This was by the way the first bailout sort of or Americans introduction to what lies ahead via the current bailout mania taking place in our country. All regions of the world have central banks which the Fed is and they answer only to the international financial institutions. This is where the real power is in the world and where public policy is constructed that effects the economies of the world. The elected in America are mere pawns in the hands of these people. That is why I say only Christians with the backbone to take on these evils need apply. And even at that it will take Americans willing to suffer the temporary consequences for lending their support to these Christian leaders. It does need to be understood there will be a price for righting the wrongs that have taken place over many years of our neglect of the gift that was once delivered unto the saints of the most high.

Central Bank Manipulation

Notice when America's economy is strong Japan's is weak or Europe's economy is strong ours is weak. This is done through manipulation of currencies. Those responsible are a part of the New World Order or one world government now being almost totally put together as the bible said it would in the last days. Soon there will be a man come on the scene at a time when there is much distress of nations and all will gladly receive this man with the answers for what ails us. A former high official of the U.N. said and I paraphrase, "we don't care if it is Satan himself, we will accept anyone that can solve the answers for the world". Whether he realizes it or not this is prophecy recorded in Revelation 13 and Daniel 9 and 11.

President Wilson said on his deathbed and this is recorded that he had done a great disservice to the United States by going along with this Federal Reserve Act that gave a handful of people total control of everyone's pocketbook. This by the way is one the main reasons people left Europe and came to America along with religious freedom to be free of the oppressive actions by those evil people that controlled their lives.

As early as the 1700's Alexandra Hamilton was an advocate for creating a central bank but Jefferson, Washington and the majority of the other founding fathers reminded him and his supporters repeatedly this is why they escaped to this country; to get away from the oppressive destruction of the creative genius of the people that was responsible for improving the lives of all the people. People closely associated with the activities of the central banks are the Rockefellers, Rothchilds, Bilderberger Group, Council on Foreign Relations, Tri-lateral Commission, World Bank, [International Monetary Fund](#) and the [World Trade Authority](#).

Indirectly, you have the ACLU, of which I rightly call American Communist Law Usurers which is attempting to re-write their communist ideology into a new constitution, and individuals such as George Soros, Henry Kissinger, Barak Obama, Rahm Emanuel, Hillary Clinton, Walter Cronkite, the leadership of multi-national corporations to include many of the largest banks in America now getting taxpayer bailouts and leadership of foundations such as Ford, Carnegie, and Rockefeller.

David Rockefeller-Founder and honorary chairman, Council of the Americas. Chairman, Council on Foreign Relations. Founder and Honorary Chairman, Trilateral Commission. We are on the verge of a global transformation. All we need is the right major crisis and the nation will accept the New World Order. He also said, "Some even believe we (Rockefeller family) are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure---one world, if you will. If that's the charge, I stand guilty, and I am proud of it."

James Paul Warburg-Former Member, Council on Foreign Relations. Foreign agent of the Rothschild Dynasty. Major player in the Federal Reserve Act scam... We shall have world government whether or not you like it. The only question is whether World Government will be achieved by conquest or consent.

Karl Marx Communist Manifesto Quote: Let me issue and control a nation's money and I care not who writes the laws.

Otto Von Bismarck Chancellor of Germany 1876 Quote: When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain.

John Adams Quote: History records that the money changers (central banks) have used every form of abuse, intrigue, deceit, and violent means possible to maintain their control over governments by controlling the money and its issuance.

Concerning the Council on Foreign Relations, Devvy Kidd in her book Why A Bankrupt America, said, "the CFR's activities are treasonous to our U.S. Constitution." They mean to put an end to the United States of America and make our nation part of their global government scheme. Phyllis Schlafly said, "Global treaties and conferences are a direct threat to every American citizen. They are an assault on our right to raise and educate our children as we see fit. They are an attack on our right of ownership of private property." Barry Goldwater had it figured out way back in 1971. "The time has come to recognize the United Nations for the anti-American, anti-freedom organization that it has become.

The time has come for us to cut off financial help, withdraw as a member, and ask the United Nations to find a headquarters location outside the United States that is more in keeping with the philosophy of the major of voting members, someplace like Moscow or Peking."

If you listen closely to a liberal's rhetoric, I'm afraid you'll find many of our liberal friends are indeed willing, often anxious, to relinquish our freedom, the most precious gift ever bestowed upon a people, to an omnipotent government, and to allow this nation's proud and honorable citizens to be transformed into servitude.

If we the people trade in our God-given rights, which we inherited from our inspired Founding Fathers and their sacrifices, for a set of state-given rights, dispensed by the government in [accord](#) with governmental convenience, then we the people will have but ourselves to blame, and the American dream will inexorably become an unimaginable nightmare. In his book 'None Dare Call It Treason', John Stormer said, "The battle will be lost, not when freedom of speech is finally taken away, but when Americans become so 'adjusted' or 'conditioned' to getting along with the group' that when they finally see the threat, they say, 'I can't afford to be controversial.'"

We the people by inaction, permit powerful politicians and institutions in and out of government to define the government's reach into our lives, to decide policy which will accrue for the politicians' own advantage, and to impose ever-increasing limitations on our freedom. We the people prove Dante's wisdom: "The hottest places in hell are reserved for those, who in times of moral crisis, do nothing."

Thomas Jefferson Quote: I have two great enemies, the southern army in front of me and the financial institutions, in the rear. Of the two, the one in the rear is the greatest enemy..... I see in the future a crisis approaching that unnerves me and causes me to tremble for the safety of my country. As a result of war, corporations have been enthroned and an era of corruption in high places will follow, and the money power of the country will endeavor to prolong its reign by working upon the prejudices of the people until wealth is aggregated in a few hands and the Republic is destroyed. I feel at this moment more anxiety for the safety of my country than ever before, even in the midst of the war.

Thomas Jefferson Quote 1798: I believe that [banking institutions](#) are more dangerous to our liberties than standing armies. If the American people ever allow private banks (Federal Reserve) to control the issue of their currency, first by inflation then by deflation, the banks and the corporations will grow up around them, will deprive the people of all property until their children wake up homeless on the continent their fathers conquered. The issuing power should be taken from the banks and restored to the people, to whom it properly belongs.

What is it we can do to right these wrongs

A Little Rebellion - Thomas Jefferson

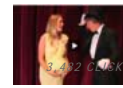

When Shay's Rebellion of farmers broke out in Massachusetts in 1786, Thomas Jefferson wrote to James Madison, "I hold it that a little rebellion now and then is a good thing, and as necessary in the political world as storms in the physical."

Ben Franklin

"They that can give up essential liberty to obtain a little temporary safety (security) deserve neither liberty nor safety (security)."

[Add to Your Site](#)

Thomas Jefferson said, "If a nation expects to be ignorant and free, it expects what never was and never will be."

To hear many of these people talk, it is too late for us to stop them such as the current U.N. General Secretary Kofi Annan who said, "The hell with America, we (U.N.) are already in control." What this tells me is if we are truly at that point in our destiny as a nation, then one who intends to fight this takeover of our government must be of the same spirit as Patrick Henry who said, "Give me liberty or give me death." One must believe this with all his heart and soul because it may well be required. We must love freedom more than personal comforts and desires. Patrick Henry said, "They tell us, Sir, that we are weak -- unable to cope with so formidable an adversary. But when shall we be stronger?"

Will it be the next week, or the next year? Will it be when we are totally disarmed, and when a guard shall be stationed in every house? Shall we gather strength by irresolution and inaction? Shall we acquire the means of effectual resistance by lying supinely on our backs, and hugging the delusive phantom of hope, until our enemies shall have bound us hand and foot? Sir, we are not weak, if we make a proper use of those means, which the God of nature hath placed, in our power. Three millions of people, armed in the Holy cause of Liberty, and in such a country as that which we possess, are invincible by any force which our enemy can send against us. Besides, sir, we shall not fight our battle alone. There is a just God who presides over the destinies of nations; and who will raise up friends to fight our battle for us. The battle, sir, is not to the strong alone; it is to the vigilant, the active, the brave... Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take; but as for me, give me liberty or give me death! "

"Patrick Henry: I know, sir, how well it becomes a liberal man and a Christian to forget and forgive. As individuals professing a holy religion, it is our bounden duty to forgive injuries done us as individuals. But when the character of Christian you add the character of patriot, you are in a different situation. Our mild and holy system of religion inculcates an admirable maxim of forbearance. If your enemy smites one cheek, turn the other to him. But you must stop there. You cannot apply this to your country. As members of a social community, this maxim does not apply to you. When you consider injuries done to your country your political duty tells you of vengeance. Forgive as a private man, but never forgive public injuries. Observations of this nature are exceedingly unpleasant, but it is my duty to use them."

So there you have it like it or not this is the truth of the matter and it is up "we the people" to take back our country but it is important to understand things have progressed to the point that it will take God's intervention on our behalf and no man to obtain victory over these evil men and institutions. It will take the greatest revival of American Christians ever before witnessed. People must go back to church and live holy lives before God that has one main goal in life and that is to be pleasing to God in every aspect of our lives. It is not too late but the door is closing fast because God is about ready to fulfill the end of the Gentiles and return to the Jew. As for the Jew and what his/her contribution to the gentile Christian means please remember this. We were grafted into the Jewish tree by Christ and, now, He calls on us to have mercy on those that were cut off (the Jew). Listen to the esteemed apostle plead for our attention towards Israel. "For as ye in times past have not believed God, yet have now obtained mercy through their unbelief: Even so have these also now not believed, that through your mercy they also may obtain mercy" (Romans 11:30-31).

One might say, "but they rejected Jesus Christ and the gospel." I repeat to you what the apostle said by inspiration of the Holy Ghost, "As concerning the gospel, they are enemies for your sakes: but as touching the election, they are beloved for the fathers' sakes" (Romans 11:28). It's time to rock Heaven by crying out to the [Father day](#) and night until all Israel is saved. "And so all Israel shall be saved: as it is written, There shall come out of Zion the Deliverer, and shall turn away ungodliness from Jacob" (Romans 11:26).

Encouragement

All of us must get past ourselves to take our country back from this den of thieves. We must get past this denial stage that nothing can destroy our freedoms and way of life that we have known and admit to ourselves this very thing is happening as I write. Politicians of late like to use the phrase "serve a greater cause than ourselves" and unlike what they mean by this, I can't think of a better cause than a return to God and his righteousness and kicking the reprobates that are involved in the destruction of our way of life down to the pit of hell out of office. You may say it is the people that control the money and that is true but they are still only mere men/women and are no challenge to the God that created the heavens and the earth if we turn back to him and seek his deliverance. After all, 1 Corinthians 1:25-29 because the foolishness of God is wiser than men; and the weakness of God is stronger than men.

For ye see your calling, brethren, how that not many wise men after the flesh, not many mighty, not many noble, are called: But God hath chosen the foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty; And base things of the world, and things which are despised, hath God chosen, yea, and things which are not, to bring to naught things that are: That no flesh should glory in his presence. 1 Corinthians 3:18-20 let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool, that he may be wise. For the wisdom of this world is foolishness with God. For it is written, He taketh the wise in their own craftiness. And again, The Lord knoweth the thoughts of the wise, that they are vain. If we are not willing to throw out the traditions of men and forsake the self-righteous spirit that has a grip on many of us and fall on our face and cry out to God then resign yourselves to bondage of these evil men and institutions. 2 Chronicles 7:14 If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.
