Professor Taylor - CFARC Development Plan - Iviewit.com LLC -

CFARC Development Plan

Professor Taylor brags about THIS: (in May 2000)

" Pursue industrial experience through consulting activities.

This will provide for a richer pool of experiences to share with my students. This past year I have done a limited amount of consulting for Direct Supply, Inc. (Milwaukee, WI) and a significant amount of consulting for the Mitra Corporation (Hartland, WI).

My work with Direct Supply has provided additional exposure to software engineering practices.

My work with Mitra has given me a number of additional practical experiences in the areas of computer graphics and numerical methods.

In the summer of 2000 I provided consulting services to the Mitra Corporation and Iviewit.com Inc. (Boca Raton, FL).

• Continue fruitful discussions with other faculty "

Was this Guy involved in Helping Foley and Lardner to Steal the Iviewit Technologies?

Got a Tip on Professor Taylor, Connections to Foley and Lardner, and to Mitra Corporation ?
