Another Crime Against A Family By A New York Attorney

104-year-old heiress gave lawyer 'millions' in gifts

The New York Post by Dan Mangan - August 29, 2010

A 104-year-old heiress lavished "millions" of dollars in gifts on the family of her lawyer, who is now under investigation for his handling of her finances as she lives out her days in a Manhattan hospital, an ex-employee told The Post. Huguette Clark once bought at auction a dollhouse worth well more than \$10,000 for lawyer Wallace Bock's grand daughter, and gave him a check for about \$1.5 million to build a "bomb shelter" for a settlement in Israel where his daughter and her family live, two people said yesterday. Bock's co-workers were so amused by his reliance on the copper heiress that they once gave the estate lawyer a purported signed copy of her last will and testament -- which named him as a big beneficiary -- at the firm's holiday party, said Bock's former paralegal, Cynthia Garcia. "It was a joke," said Garcia. Bock, after initially being stunned because he thought it was the real deal, then realized the document was phony, Garcia said. "But he kept it," she added. The Manhattan District Attorney's Office is aggressively investigating Bock, 78, and Clark's accountant, Irving Kamsler, 63, for allegedly mismanaging

Clark's \$500 million fortune. Kamsler is on probation for attempting to send porn via the Internet to an undercover detective posing as an underage girl. "What they're doing to her is horrible," Garcia said, referring to Clark and her millions. Garcia said Bock called her Thursday night -- after years of no contact -- and asked her not to discuss with anyone his dealings with Clark. He also allegedly asked if she had gone on "vacation recently." "He sounded patronizing . . . and so desperate to placate me," Garcia said. Hours later, the DA's Office called Garcia and left a message asking to speak with her, she said. Bock's spokesman, Michael McKeon, said, "After more than 50 years as an attorney, Wally Bock has an excellent reputation and an unblemished record. Any inquiry will confirm that all matters have been handled appropriately and consistent with Ms. Clark's wishes." "We believe Ms. Garcia is confused about the facts," McKeon said. Kamsler refuses to comment. Clark, whose US senator-father was America's second richest man in the early 1900s, has spent more than 20 years living in New York City hospitals, and is currently at Beth Israel Medical Center. Meanwhile, her 42-room Fifth Avenue apartment is unoccupied, and her lavish mansions in California and New Canaan, Conn., have been vacant for more than 50 years, costing her millions of dollars in maintenance and taxes. Garcia said Bock has several daughters and grandchildren living in Israel, and that after 9/11 he had Garcia write to Clark asking for \$1.5 million to "build a bomb shelter" in Israel. "He was not asking other people" for money, Garcia said. "In less than an hour," they received a check in that amount from Clark, Garcia said. A source close to Bock confirmed that Clark, for the purposes of building a security system to protect against a terror attack, had made the substantial donation to the West Bank settlement where Bock's daughter and grandchildren live. The donation was initially held in escrow by a lawyer there before the shelter was built, the source said. *With Rebecca Rosenberg, Laura Italiano, Sabrina Ford and Jeane MacIntosh*

How come this Blog's Administrator has not reported on the Federal Injunction issued against Pamela Carvel, surviving niece of the Carvel Ice Cream Estate, which was apparently issued almost 10 days ago on Aug. 19th when Pam Carvel's federal suit was tossed and she was barred from bringing any more federal suits in Manhattan?

It is well known that Ms Carvel was being guided in many respects by this Blog Administrator so this would seem quite newsworthy?

It is now 10 months since this Blog posted the imminent Indictments coming against Scarpino and Nicolai and no action has occurred at all. Scarpino was right in the middle of the Carvel case. Is this more deception and fraud?

What about those in Upstate NY who were promised various action by this Blog Administrator that has never occurred? What about the Death (likely murder) of Sunny Sheu?

FW: Important follow up from Hoffer at ABC News on Sunny Sheu Aug 27 2010 Fwd: Sunny Shue request for Witness Protection

If Sunny was murdered and I have no official documents or knowledge firsthand than everyone who is a related case should be seeking witness protection in various agencies involved. I see these correspondences went to senior officials, at some point they should be doing their jobs to get all of these people including Christine and Nicole protected. eb
With the sudden death of Proskauer partner Steven Krane who was central to the corruptions in New York in his office I believe after lunch (wonder what he had) and the prior death of Proskauer partner Stephen Kaye, husband to accused by many Judith Kaye, Murder Inc. may be tying up loose ends.

Will,

We may not agree on who killed Sunny, but we do agree it all looks very suspicious and warrants an investigation. I just know I can't go on the air without HARD PROOF and accuse someone of having him killed. There is no way the attorneys here will allow that to get through. You have to understand that. Now, I'm hope to figure out away to put the story out there as a way to pressure police, FBI, someone to take notice. If that's not enough I'm sorry.

I agree.

I realize that the letter Sunny wrote was a response to the "Be careful" note from Rojas which had been sent the day before.

I made some calls today. I called the Hospital to see if they would give me the names of the cops that identified Sunny. They said they could only provide them if I were the executor of Sunny's estate. I don't know if that is legally correct. In any case, I have some other ideas.

I called Kenneth Eng, formerly of the 109th, now PI in Arizona, thinking that he was the guy who knew Sunny. Turns out there was also a KEITH Eng, also retired from the 109th, who was actually the one Sunny knew. Quite a coincidence. Keith Eng is in New York, and should be contacted, if only to tell him that Sunny is dead.

Jim, can you send me the address of the spot where Sunny was found?

Best,

Will

On a diff note, DOJ FBI Office of Professional Responsibility (OPR) change at top after just recent change and change right before that, is that wordy enough???

http://news.yahoo.com/s/ap/20100830/ap_on_go_ca_st_pe/us_public_integrity_chief

All related cases need to file new complaints, based on Anderson revelation that US Attorney's where having their complaints whitewashed which is directly the authority of OPR, have FOIA requests on all prior submissions to their offices, as many of us have been filing with them. The department further may have aided and abetted war crimes recently while trying to dismiss complaints against Yoo, Bebe, etc. and may have also led to shakedownstreet. Eb

Westchester Braces for Onslaught of Federal Corruption Indictments

Informed sources have revealed that Westchester County, along with parts of Rockland, Bronx and Manhattan Counties, are about to be rocked by a series of corruption indictments. Federal Investigators have been working for nearly three years on the ever-growing and wide-spread list of charges, says the source. "The extent of public corruption in Westchester is staggering- a panoply of crime yet uncovered in the United States. The indictments will hit many of New York's most influential in politics, finance and the legal community." **Starting October 29, 2009, we'll be highlighting some of the involved issues..... In Fairness to the Courts...

It is not easy being a judge, and disgraceful that the public usually only hears about the bad judges. And while this forum attempts to expose the reprehensible acts of corrupt courts, it is important to be fair to the many under-appreciated law-abiding judges and court employees. Judges are grossly under compensated, and must rely heavily on unnamed staff who sometimes carry their own biases and improper political agendas. So let's expose and eradicate the corruption, but we are socially obligated to consider: (1) how do we get our judges adequately compensated; and (2) what specific and constructive suggestions can be made and implemented to insure the integrity of our courts. Send, too, ideas to make the courts a better system for all of us!!

Our year-long investigation has confirmed that the purported judicial "ethics" enforcer, The New York State Commission on Judicial Conduct, is itself a biased, corrupt group that protects certain judges while destroying others who have become targets of the political thugs who control them. Something is terribly wrong when even our honest and law-abiding judges are failed by our justice system. The New York State system of justice is a corrupt process that has all but ruined the faith of the people in their government.
