"If the First Amendment means anything, it means that a state has no business telling a man, sitting alone in his house, what books he may read or what films he may watch."

RANDAZZA**LEGAL GROUP****ABOUT THE FIRM PRACTICE AREAS THE TEAM OUR CLIENTS MEDIA & NEWS CONTACT**

RANDAZZA LEGAL GROUP is a group of attorneys committed to serving clients in sensitive positions, protecting free speech and adding value to your business.

We represent clients on a wide array of First Amendment issues, copyright and trademark protection and infringement cases, defamation cases, domain name disputes and employment law matters. Above all else, we handle these matters in a way that make clients proud to associate with us.

CORE VALUES

Clients are best served by attorneys with clearly stated, cohesive beliefs. While ours may make our job more difficult, they make our client relationships better.

- Preserving the First Amendment, neither harming it through action nor inaction.
- Ethical, honorable and vigorous client representation.
- The client comes first until representation requires violating the previously stated principles. In that case, we must withdraw from representation.

OUR FOCUS ON YOUR BUSINESS

Your business is about making money and taking care of your family — not about your lawyers. We take the time to study your business and our role in it so that we can add value, not just send you bills.

ETHICS

We will not take cases if we think that the proposed course of action will do harm to the Constitution. The firm's record of spirited, zealous representation of its clients has never, and will never, come at the expense of its ethics.

YOU RUN THE SHOW

The client is always in charge. We will offer candid analysis of your decision, but it is ultimately yours to make. Unless your choice conflicts with our ethical duties, we will abide by your judgment, though we may seek to inform it.

NOT FOR EVERYONE

We are a small and focused practice, and thus we don't take all clients. We offer a unique brand of expertise, ethics, tactics, and professionalism, reflected by our rates. Our practice is oriented to serve clients in difficult positions not only in a court of law, but the court of public opinion as well.

Moreover, there are some clients we will not take. We will not engage in "scorched earth" litigation or other baseless actions. While other attorneys will take such cases, destroying your interests and handing you a large bill for that service, we refuse to do so.

COMMITMENT TO PRO BONO CLIENTS

The nature of the firm's work and expertise is not cheap. Nevertheless, we do have a commitment to taking pro-bono free speech cases, committing a percentage of our time to providing free services to those who could not otherwise afford us. We also have reduced-rate programs for certain clients.
