### US Marshals Tracking Down Crookedest Lawyer Ever's Loot

"Corrupt Florida Lawyer Mistakenly Called Most Crookedest Ever US Marshals Tracking Down **Crookedest Lawyer Ever's Loot** The Daily Business Review by John Pacenti - November 9, 2010

MIAMI, NY - The **federal government knows where a former U.S. bankruptcy trustee panelist funneled \$1 million earmarked for the victims of Ponzi schemer Scott Rothstein** and has filed a lawsuit to get it back. **Marika Tolz** is a Hollywood real estate broker who became one of South Florida's most prolific trustees and receivers in recent years.

She was ousted from the U.S. trustee's panel in May after she tried to cover a shortfall in a bankruptcy case with a Rothstein donation to Holy Cross Hospital, according to court documents.

The U.S. government sued Tolz's successor handling the account where the \$1 million allegedly landed. But an FBI inquiry goes beyond the Rothstein funds and tracks money moving among various cases where she served as a court-appointed receiver or trustee.

The FBI mailed letters to Tolz's successors, notifying them they may have been victims of fraud. So far, questions have been raised about \$5.3 million in at least five cases handled by Tolz, and sources say financial improprieties have been found in two other cases. In another lawsuit, trustee Robert C. Furr, who succeeded Tolz in a bankruptcy case, alleges she falsified financial books submitted to the court and the U.S. trustee's office and created **red-herring bank accounts to pilfer \$1.5 million** from a personal bankruptcy case.

Tolz expanded from a real estate career by serving as a caretaker for seized assets starting in 1987. She has served as a trustee in bankruptcy matters, a personal representative on estates and a receiver for businesses and properties that ran aground.

One of her many companies, State Wide Realty, was hired in April by the U.S. Marshals Service to safeguard \$1 million retrieved for the fraud victims of disbarred lawyer Rothstein. Instead, she moved the \$1 million a day after receiving it to cover a shortfall in a Chapter 7 case under scrutiny by the U.S.

## Crystal Cox Speaks Out

trustee's office, according to Marshals Service lawsuit filed Oct. 18 and Furr's complaint filed last week.

Joel Tabas, one of the many trustees who inherited Tolz's cases, told a bankruptcy judge in September that trying to figure out where all the money went was akin to dissecting a bowl of spaghetti, and says it will take forensic accountants months to figure out exactly how much is missing.

An FBI form letter was mailed Oct. 14 to Seth Heller, who succeeded Tolz as receiver in two Miami-Dade Circuit Court cases, telling him his name was forwarded to the federal victim assistance program "as being a possible victim of a federal crime."

"This case is currently under investigation," the letter stated. "This can be a lengthy process, and we request your continued patience while we conduct a thorough investigation." Assistant U.S. Attorney Grisel Alonso, who is handling the Marshals Service case, referred questions to office spokeswoman Alicia Valle, who had no comment.

"The federal government is about to do something," said Heller, managing partner of Heller & Co. "I think everybody who has anything to do with Tolz got this letter." Tolz has not been charged.

Her attorney, Ben Kuehne of Miami, confirmed Rothstein's \$1 million has not been returned to the government as requested months ago. Tolz and Kuehne, who was traveling Tuesday, did not respond to requests for comment.

The Justice Department has **focused on the bankruptcy case** of James Driscoll to get back the money.

Follow The Money

Fort Lauderdale's Holy Cross Hospital returned the tainted donation from Rothstein, who is serving a 50-year prison sentence for running a \$1.2 billion settlement financing scheme. Federal marshals hired Tolz in April to hold the money until a final order of forfeiture was signed by the judge in Rothstein's criminal case.

Holy Cross wired the \$1 million to the Marika Tolz General Trust Account at First Citizens Bank & Trust in Hollywood on May 20 for a total balance of \$1,000,390. The next day, the account balance was \$133,300, according to an exhibit attached to the federal lawsuit seeking \$967,856 plus court costs and attorney fees.

The Rothstein money was moved to a Bank of America account for the personal bankruptcy of James P. Driscoll of Fort Lauderdale, according to the adversary complaint. "Upon discovery of the withdrawal of the diverted funds from the First Citizens account, the marshals made demand upon Tolz to remit the sum of \$1 million wire transferred," the lawsuit stated. "Tolz failed to turn over the funds to the marshals." The federal government ended up suing Furr as Tolz's successor in the Driscoll case.

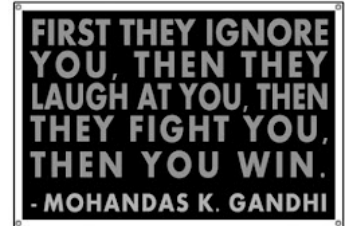

The Boca Raton trustee filed a 74-page third-party complaint Thursday against Tolz and Liberty Mutual Insurance, which issued bonds on behalf of U.S. trustee panelists on condition of "faithful performance." Panelists for the U.S. trustee's office are appointed on a rotating basis as caretakers for commercial and personal bankruptcies in federal court.

Tolz was one of 12 panelists until she was forced to resign in May when Driscoll's case came to the attention of the office. The U.S. trustee's office did not comment on the matter. Furr, in his complaint against Tolz, seeks \$1.5 million allegedly misappropriated from Driscoll and more than \$76,900 in fees paid to her.

He alleges Tolz filed a false accounting in Driscoll's case March 31, stating the estate had \$888,000, when in fact the account was barren. When confronted with the discrepancy by the U.S. trustee's office, Tolz listed a nonexistent account at Sun American Bank and fake accounts to support her filing, Furr alleges.

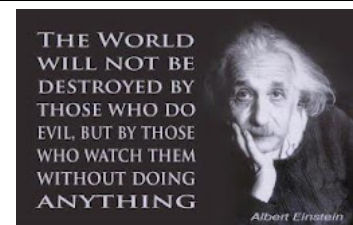

Furr, who inherited about 10 of Tolz's cases, details a busy shell game as Tolz moved money to and from several accounts to hide her trail, culminating in the transfer of Rothstein money into Driscoll's account. Furr's lawsuit claims Tolz took \$1 million from the Driscoll account and deposited it into her general trust account in April 2009. Tolz "accounted for" the money by creating fake receipts and disbursement records for the purchase of high-yield certificates of deposit at Bank of America, the lawsuit stated.

The trustee's office later determined the account did not exist. On May 18, the day before Tolz resigned from the trustee's panel, she issued a \$967,856 check from her personal trust account to the Driscoll case. On May 20, she

covered it with money from the Rothstein case, according Furr's lawsuit. Furr also alleges Tolz illegally transferred \$500,000 from Driscoll's account to her personal account in April 2008, taking investigators further back in time.

Financial irregularities also have been documented in numerous other cases. Heller took over receiverships of two financially troubled Miami-Dade commercial properties from Tolz: Douglas Centre REB-GEM, owner of a share of a Coral Gables office complex, and Monticello 856, a condominium conversion.

Heller's Miami forensic accounting firm, Pontis Advisors, found \$856,000 in checks from Douglas Centre REB-GEM had been deposited in outside accounts controlled by Tolz and that \$456,000 could not be traced.

Drew M. Dillworth, who succeeded Tolz in the bankruptcy case of Wilkinson Hi-Rise, a Hollywood trash and linen chute manufacturer, told U.S. Bankruptcy Judge John Olson in September that Tolz should not be immediately paid her \$13,000 fee because of "questionable financial transactions."

'Over Her Head'

Then there is the Fuzion bankruptcy case, which allegedly received \$715,000 meant as an inheritance for the children of man whose probate assets were administered by Tolz. The children's new trustee claimed in court documents that the estate was \$965,000 short due to diversions by Tolz.

Two adversary lawsuits trying to retrieve money have been filed in the Fuzion matter, one by Heller and one by the successor trustee in the probate case. Heller said Tolz represented "the old school" of receivers and trustees, who intermingled money among accounts — even for personal use.

The drama surrounding Tolz has drawn comparisons to former Miami attorney-accountant Lewis Freeman, sentenced earlier this year to more than 10 years for stealing \$2.6 million and misappropriating at least \$6 million from accounts he oversaw as a court-appointed receiver and trustee. Like Freeman, Tolz was considered one of the best. "Tolz was a very respected individual," Heller said. "She got in over her head."

## If you are interested in Exposing Corruption in Portland, eMail Me Soon. As Portland is Said to be Run by Russian Mafia and I Write about some pretty big issues, Get Heard Now !!

If I disappear on these sites, start your own Blog, unite, Expose Corruption.

I don't expect to WIN, there is no Winning, there is only Exposing Corruption in the hope of helping the Victims of it, if only by a small amount. And hoping to make the world a better place by shining a bit of light in deep dark places where Corruption has been ruining lives for Centuries.

**It is a Spiritual Mission for me**, and one that I may just lose my life over. I have been set up, threatened, drugged, harassed for years. My life changed for ever when I stood up for Victims of Montana Corruption. My phones were tapped years ago by Homeland Security, as people would call my home and get Homeland Security. My phones were tapped also allegedly by Michael Grebe, of the Bradley Foundation who is said to "Run the FBI". I am held at borders, held separate at airports and all, at that time because I was exposing Rape in Lincoln County Montana and the Cops, the County Attorney who had DNA Evidence, Rape Kits, Proof and FAILED to prosecute over and over in order to protect the Wall of Corruption in Montana.

This is a way of life for me now, my life before I stood up, I will never get back, however **they will not get my Spirit**, they will not own the Truth, and I will not Lie to Protect their Evil. I know my Truth, I know my God.

The Wall of Corruption is so powerful that it keeps the people down. And what good is life her on Earth if your constantly tormented by those who you work hard to pay to protect you?

**David Aman Questions Stephanie DeYoung**

[August 25th 2009 Stephanie's Deposition Click Here](#)

David Aman, Kevin Padrick New of my blogs years before they sued, and never asked for a retraction, or sent information as to why they would want the information down. One month before they sued, they send a cease and desists for all posts on all sites with no specific post listed, not one. 

**One Voice United We Stand - I am America**

**Expose Corruption**

There may never be a way to WIN, or a way for the Light to Beat the powers of the dark. The thing is I must try, and I hope that many of you will continue to try should these guys, at some point take my life. To be honest, I am surprised I have lived this long.

Montana Corruption involves the top of the top, I mean in Montana we have Baucus, who is in very big with the Drug Companies, we have Rumsfeld and Ted Turner.. we have WR Grace running amok and NIH in Hamilton Protecting Corruption as Well. We have the University of Montana who protects Corruption and the Montana FBI who seems to be "in" with the Lincoln County and Ravalli County Corruption and we Homeland Security as we are on the Canadian Border and this leads to drug runners who make deals with dirty cops. I expose them and I am put on a Terrorist Watch List.

I have had long talks with Top State Investigators with close relatives at the Top of the FBI. In Montana it is common knowledge that it cost \$50,000 to get a Supreme Court Decision your way. Which I believe is what Billionaire Devils WR Grace Did.

I talk about iViewit on my Blogs in which involves Michael Grebe of the Bradley Foundation, and who used to run Foley and Lardner when Obama worked there and when the 13 Trillion Dollar iViewit Technology was Stolen. iViewit also involves Greenberg Traurig, which is said to be who the movie "The Firm" is best on. There is also Proskauer Rose Law Firm, one of the most powerful law firms in the world. iViewit also involves Lockheed Martin, Warner Bros., Time Warner, AOL, Sony, and More.

iViewit also involves Intel Corp., in which I expose all the time and Mike Bruzzone of Camp Marketing has been exposing in detail for 13 years, people in those cases were simply said to be "gassed" by Intel. Intel Corp. will do ANYTHING to control Technology, Steal Patents and well. Lie, Cheat and Steal..

Aurther Anderson does the audits for Warner Bros. and many other companies involved in the Cover Up of the 13 Trillion Dollar iViewit Technology. The CPA in Obsidian V. Cox that gave his "Opinion" that the Blog Post was not Fact, was an ex-Arthur Anderson Employee.

I have been writing on Obsidian Finance Group for years, and there have been many searches from "Russia Federation". Rumor in Portlandia of Corruption is that the Russian Mafia runs Portland. I have no idea if this is true, but I do know that Russia is on my blogs alto looking at things to do with Obsidian Finance Group and Kevin Padrick, as well as Oregon Utility Companies. Lot's of Searches for [Bradley Sawatzk](#), [Energy Northwest](#), [Fairlie Holding and Finance Limited](#). Do Russian Companies own Utility Companies in Oregon? I don't know how heavy Russia is invested in Oregon, I have heard that Portland has no Industry and it seems that Corruption is the Industry in the Portland Governing Body. **Who knows what is really true, maybe ol' Corrupt News Media Jeff Manning Will Tell Ya, NOT !!!**

So, as you can see Kevin Padrick is a Powerful Man and when up against Kevin Padrick, the Truth is Twisted, is irrelevant, and if even when he wins a **\$2.5 Million Judgement**, Tonkon Torp, Kevin Padrick's Attorney goes after the VICTIM some more by leaking a Privileged Communication and one email out of 4 to set me up for Extortion.

And Judge Marco Hernandez, controlled by the Power Elite in Portland Oregon accuses me of a Crime in a Motion pertaining to a Civil Trial. And the New York Times and Forbes drives the message into every household. Judge Hernandez was put into his position after the Obsidian Finance Group filed a Lawsuit against an Investigative Blogger to attempt to Silence the TRUTH. Judge Marco Hernandez replaced Judge Ancer Haggerty on my case.

**Judge Marco Hernandez** was put in to his position by Perkins Coie Connections and Senator Ron Wyden and Senator Gordon Smith, whom are both tied to the Forest and Energy Business and Obsidian Finance Group, as well as William Smith Properties in Bend Oregon whom recommended Obsidian to work for Summit, which essential drove Summit out of business for good and set the owners up to be indicted.

Then we have Marc Randazza, said to have Mafia ties also, and he is very powerful with the real Power Elite in America which is the Porn Industry Big Whigs. Marc Randazza is said to have worked with Judge Marco Hernandez and David Aman, Kevin Padrick in order to word the Motion for a New Trial DENIAL just so, in order to single out the Blogger that IS Exposing Corruption in Portland Oregon where they served me up biased justice indeed. And for an Entire Year and counting Judge Marco Hernandez REFUSED to sign a conflict of interest disclosure, that is Because Judge Marco Hernandez has lots of Conflicts of Interest.

[Click HERE to Watch the Meeting that Proves, IN MY OPINION, that Kevin Padrick of Obsidian Finance was an "insider" - under contract with the Debtor BEFORE he got Court Appointed as the Trustee in the alleged best interest of the Creditors.](#)

Kevin Padrick is Said to be Connected to the Asian Mafia through deals he made with the Malasian Government, and

Kevin Padrick advised the founder of Columbia Aircraft Company in their securing capital from the Government of Malaysia for their continued operations of Columbia. Kevin Padrick also acted as a financial advisor to that same founder in the sale of his interest in Columbia and the sale of his interest in Lancair, a manufacturer of experimental aircraft.

Kevin Padrick Does not Hide his Connections to the Government of Malaysia. He is a very Powerful Man and this power RUINS the lives of hundreds a year through the U.S. Court System.

[http://www.obsidianfinance.com/pdf/bio\\_kevin.pdf](http://www.obsidianfinance.com/pdf/bio_kevin.pdf)

Kevin Padrick is rumored to have ties with the Russian Mafia through Utility deals with Energy Northwest and More. SO ya there is a High Chance I will not live through any of this. Though David Carr of the New York Times makes a big joke about me claiming Kevin Padrick Hired a Hit Man.

Just how connected Sussman Shank, Tonkon Torp, Miller Nash, and Perkins Coie are to the Russian Mafia is the question. Yes posting this will likely bring me more threats, and possibly follow through, the thing is, even if they Kill Me, I don't want the Lie to Stand as the TRUTH on my Watch. If the Great Spirit wants me to cross over then I shall. Many say that Life is Winter and Death is Spring.

See Folks, Homeland Security, and who knows who else, have monitored my emails and phones for years. Oh well, I have nothing to hide. If they want to set me up or kill me, so be it. I am on the right side of the laws, the right side of the constitution and the right side of the moral compass. I work for the Great Spirit, and I do the best I can to do the Right Thing, and my way of Exposing the Evil, is simply my way. Judge me if you Must. However, wouldn't your time be better spent fighting Injustice for someone you know. Go, Make the World a Better Place and Stop wasting your Time Speculation on my "Business Model" or the Lies your being fed about me to distract your drama craving lies from the Real Crimes.

Marc Randazza sure seems to get worked up on web sites where anyone mentions the word Mafia, thing is these guys did threaten me "Mafia Style" in their banter. And in Marc's emails to me saying "you wanna make a enemy of me", that sure was Mafia Style and after that he got people to bully me, set me up, lie about me, he himself offered to do a deposition and lie about me, and he got Forbes to lie about me... all seems pretty powerfully connected to me..

[Here is the "Playful" Mafia Style Threat to my Kneecaps](#)

So Yes Folks I know full well that my Life is in Daily Danger, it has been for YEARS. iViewit's Family Car was Bombed, the FBI ignores this, Volvo Ignores it. I check for Bombs best I can, I am not as naive as many of you think. If I Die, well I did the Best I could here on Earth and I fight for People worth Dying for. Thousands of Them.

## Would You Call the Devil TO Get God's Story?

Folks If you can read any of the over a thousand documents online regarding the proof on iViewit. yet Journalism is defined as calling both sides, which is in essence heresy.

I did not call Enron to see if they went bankrupt over Iviewit, it is in the court records and documents. As well as the guilt of hundreds of others. Read for yourself.

I Know **WR Grace** is the Devil, Corrupt and responsible for thousands of Deaths of those I Love, I have seen first hand and spoke to the victims, many in my own family. I would never call WR Grace to ask them if they did it. I know they did it.

I know that Obsidian Finance Group did what the documents say because I have read them. The New York Times seems to be illiterate, have an "Agenda", or are Plain Ol' Lazy. So much easier to blame me, or accuse me of criminal activity and post ONE of a Series of my Private Emails on Legal Business that hundreds of others online do, then to actually Investigate what affects ALL Americans, the Injustice in the US Bankruptcy Courts, and the lack of Accountability and Transparency over the Trustee of these Bankruptcy Cases.

I have read depositions, documents, internal emails, billing, tax information and more on the Obsidian Finance Group / Summit Bankruptcy Scandal, for me, because I can read and dig deep, there is not doubt **IN MY OPINION** that Kevin Padrick is guilty of many crimes. Do your Homework, or let me do it for you, either way the Truth, in this case, and Free Speech are the same thing. I fully intend to file a Federal RICO Lawsuit as soon as I can, proving Pattern and History of the "ALLEGED" yet "Obvious" Criminal Activity of Obsidian Finance Group and Kevin Padrick. And am hopeful in filing a Federal Whistleblower Lawsuit in this case as well.. Stay Tuned and AGAIN Big Media, don't bother calling me, I will Not Talk to You. And a Day will Come, Soon, when YOU will realize, my stories are True, and **Damn I Scooped You..** and have been FOR YEARS on the stories that will one day headline your paper.

In the Peter Sivere case there was no need to call the SEC investigator George Demos, his guilt was "Obvious" because I can read. And no need to call the Second Department in New York to ask if they gave Peter Sivere Justice, that to is found through "Real Journalism".

I am PROMINENT in Investigative Blogging exposing **New York Corruption**.

You can see Mark Sapperstein of Maryland is Guilty by Reading, so I did not bother calling him either..

<http://www.marylandcorruption.com/>

<http://www.profofcorruption.com/>

Much More Coming on these and more of the stories I have exposed, that **"Real Journalism" has FAILED to Investigate or is not "Allowed" to talk about..** and in this case, Obsidian V. Cox, they continue to fail in exposing corruption and instead cow tow to big corporations, political agendas, the proverbial "Establishment" and the Good Ol' Boys.

**So, As you can see there is no need to call the Devil, when God has so many documents of proof already online..**

# Investigative Blogger in Obsidian Vs. Cox, Soon to File Lawsuit Against Tonkon Torp Law Firm

**Blogger Crystal L. Cox Soon to File Lawsuit against Law Firm Tonkon Torp Based in Portland Oregon.**

In approx. Six Weeks I am Filing a Lawsuit Against Tonkon Torp Law Firm for discrimination, harassment, violating my constitutional rights, denying me due process, interfering with the legal process, harassing me, threatening me, lying to me, lying about me to a federal court in which I have several incidents of proof, conspiring to harass and threaten me in order to force a deal, offering to work a deal with me in where by I would lie to a federal court and commit a crime in claiming the guilt of innocent parties, and in trying to scare, harass and threaten me into stopping my blog postings on Tonkon Torp Law Firm.

Keep in mind the very first "Settlement Communication". Offer to Settle from David Aman, Attorney for the Plaintiff, Kevin Padrick and Obsidian Finance Group, David Aman tried to cut a deal where by I gave him my Domain Names at the time that were connected to Tonkon Torp Law Firm, and in this deal that was supposed to be on behalf of the "Plaintiff" Kevin Padrick and Obsidian Finance Group, David Aman tried to get me to agree to never write anything on Tonkon Torp Lawyers or Law Firm EVER, and if I agreed to all that, well then the "Plaintiff" Kevin Padrick and Obsidian Finance Group would STOP the 10 Million Dollar Lawsuit. That sure does not sound legal to me, did the Plaintiff really want to PROTECT Tonkon Torp Lawyers and Tonkon Torp Law Firm from EVER being written on by my Investigative Blogger Network? Also keep in mind a Network of Blogs that David Aman, Tonkon Torp Lawyer is still trying his best to claim ownership and control of, whether it is legal or not.

All Settlement Communications will be Exhibits in my Lawsuit as will be all emails inside the Summit Bankruptcy to and from Tonkon Torp Lawyers to the best of my ability.

This complaint / lawsuit will have documents of proof that **Tonkon Torp was harassing me** in order to cover up the involvement of Leon Simson, David Peterson, David Aman and others at Tonkon Torp Law Firm, with the Summit 1031 Bankruptcy based out of Bend Oregon and involving at least 5 states, and over 100 victims.

**Crystal Cox alleges that Tonkon Torp** broke the law and violated U.S. Bankruptcy Codes knowingly. Tonkon Torp Law Firm was involved in the Summit Bankruptcy and even deposed an insider to ask about me 2 years before they sued me. Tonkon Torp Law Firm is still deliberately harassing me, Blogger Crystal Cox in order to attempt to cover up the involvement of Tonkon Torp Law Firm with the DOJ Trustee, and the Energy Lobby jobs that Tonkon Torp got after this now infamous Oregon Bankruptcy.

Tonkon Torp Law Firm is involved in fraud, as in David Aman, Tonkon Torp Lawyer lying about an Investigative Blogger in federal documents and attempting to conspire with me to commit fraud. Also David Aman, Tonkon Torp Lawyer was in communications with a man named Sean Boushie in Montana, in which a Federal Judge Called for an FBI investigation. Yet David Aman is still legally allowed to harass and intimidated me, this too will be in my Lawsuit against Tonkon Torp Law Firm.

**David Aman, Tonkon Torp Lawyer, lied to a federal court** regarding my deposition in Montana in which he did not properly notify me and I was in the hospital with my then significant other, as I told David Aman, Tonkon Torp Lawyer and of which he had no respect what so ever. David Aman, Tonkon Torp Law Firm told the courts that I rejected a Settlement Offer and thereby was not cooperative, this was the first one, and it was a day before I actually rejected the offer.

This lawsuit will also Allege that **David Aman, Tonkon Torp Lawyer** was involved in Jury Tampering in Obsidian V. Cox. And will provide Exhibits as to why I believe this to be TRUE.

I will demand a Declarative Statement be sworn to by David Aman, David Peterson and Leon Simson to answer all my questions. I will Depose them all, as I have every legal right to do so. And I will report on my story via whatever means of Blogging, Reporting I am left with after Tonkon Torp Law Firm is done harassing me.

I will soon be posting the draft of this complaint, and an open letter to Tonkon Torp Partners in which I will also email to Tonkon Torp Lawyers, Partners and Insurance Providers regarding this matter and the massive liability that Tonkon Torp's E and O insurance, Liability Insurance Carrier is taking on, over a few lawyers that seem to have violated bankruptcy code knowingly and have spent huge Tonkon Torp resources in trying to silence an Investigative Blogger. And attempting to stop me exposing the involvement of Tonkon Torp in the Summit Bankruptcy and Tonkon Torp connections to the Department of Justice Trustee that was to oversee the Bankruptcy and that Got Tonkon Torp the massive income opportunity in connection with Kevin Padrick of Obsidian Finance Group.

Leon Simson Tonkon Torp

David Aman, Tonkon Torp even spent Tonkon Torp Resources to fly to L.A. to Try and Cut a deal with my new attorney to Silence ME.

Tonkon Torp sued me, and tried to cut deals in order to suppress information on a \$40 Million Dollar Oregon Bankruptcy.

I will "Allege" in this Lawsuit that **Leon Simson of Tonkon Torp** Conspired with Department of Justice Employee Pamela Griffith in

order to favor Tonkon Torp Law Firm in a \$40 Million Dollar bankruptcy and the huge Energy Lobby deals that came with it.

David Peterson Tonkon Torp

I will "Allege" in this Lawsuit that **David Peterson of Tonkon Torp** knew of possible bankruptcy code violations in the Summit Bankruptcy and did nothing to bring this to the attention of authorities. As this internal emails that show David Peterson's knowledge of what was being alleged by attorneys and insiders and was IGNORED by Tonkon Torp Attorneys, though Federal Bankruptcy Laws seemed to be being violated and there were over 100 victims.

I will "Allege" in this Lawsuit that **Tonkon Torp Conspired** with Jim Diegel and Cascade Medical Center to stop information from getting to an Investigative Blogger Me.

I will "Allege" in this Lawsuit that the Summit Bankruptcy connections led to Energy Lobbying for the Tonkon Torp Law Firm in which OpenSecrets.org shows that Tonkon Torp was not previously involved in.

I will "Allege" in this Lawsuit that Tonkon Torp's connection to Enron and thereby Proskauer Rose is also part of a conspiracy to protect corrupt activities surrounding the iViewit Technology Case.

As per SEC Complaints, the Collapse of Enron is directly connected to the iViewit Technology and it's founder Eliot Bernstein, and the Proskauer Rose Law Firm. I allege that Tonkon Torp is harassing me to Protect the stealing of a 13 Trillion Dollar Technology and now in Tonkon Torp Involving Eliot Bernstein and iViewit Technologies in Obsidian V. Cox, this is to suppress my blogs regarding the exposing of whitewashing for Elite New York Law Firms connected to the Case as exposed by Whistle Blower Christine Anderson out of New York. Tonkon Torp Lawyer David Aman is harassing, bullying Blogger Crystal Cox who is exposing this 13 Trillion Dollar Technology Theft. Tonkon Torp Lawyer David Aman is harassing iViewit Founder Eliot Bernstein in effort to silence blogs by Investigative Blogger Crystal Cox that Expose the involvement of Enron, Proskauer Rose in the stealing of a 13 Trillion Dollar Technology.

**Tonkon Torp Lawyer David Aman is trying to control blogs** in which are named in Federal RICO Lawsuits, USPTO Complaints, Department of Justice and FBI Complaints, New York Supreme Court Filings and many more legal documents so that he can control the information on the domain names to stop the blogs from exposing criminal activity in the iViewit Technology case, the Summit Bankruptcy and the hundreds of other criminal conspiracies that Blogger Crystal Cox exposes.

Tonkon Torp Lawyer David Aman is doing this to protect the involvement of Tonkon Torp Law Firm in WHAT blogger Crystal Cox is exposing on her Investigative Blog Network.

I am also working on a **Federal Hate Crime Filing (Bullied, Harassed, Biased Motivated)**, a **Federal RICO Complaint**, and Bar Complaints in several states in which Tonkon Torp Law Firm Does Business. As well as filing a Qui Tam (Whistle Blower Lawsuit) regarding Energy Lobbying, A Federal Bankruptcy and more regarding Tonkon Torp Law Firm and money they have got due to government proceedings and alleged dirty dealings. I will also be filing complaints with document of proof to the Oregon Attorney General and Oregon Governor. As I was always telling the truth to the best of my knowledge and ability and I continue to do so.

**David Aman, Tonkon Torp Attorney has harassed** Pro Se Defendant, Investigative Blogger Crystal Cox for well over a year now. And David S. Aman seems to be above the Law, however, I intend to put that to the test as I file yet another legal proceeding with Tonkon Torp. See David Aman lied to Forbes Magazine, the New York Times, and Seattle Weekly about me

and accusing me of criminal conduct. I have the Email he send to the Seattle Weekly defaming me, accusing me of a crime. David Aman, Intellectual Property Attorney for Tonkon Torp Law Firm out of Portland Oregon did this Knowingly and Deliberate in attempt to set me up and STOP the flow of information regarding the involvement of Tonkon Torp Lawyers in the Summit Bankruptcy Case and with Obsidian Finance Group and Energy Lobbying in General.

All this will Be in my complaint against Tonkon Torp Law Firm and if Portland Oregon Courts protect Tonkon Torp I will take it to a higher court. The Federal Hate Crime and the RICO Complaint / Lawsuit will automatically put this in a higher court.

David Aman, Tonkon Torp Lawyer has Subpoenaed my banks, went over every detail of my life, and completely violated my human and civil rights, knowing full well that Oregon Retraction Laws did apply to me, knowing that I was telling the Truth and knowing full well I have every right to blog on Tonkon Torp and Obsidian Finance Group. David Aman, Portland Oregon Law, Continues to Harass me, Pro Se Defendant, Investigative Blogger Crystal L. Cox.

My counter claim was dismissed by Oregon Federal Courts which alleged similar activities by and with Tonkon Torp and Obsidian Finance Group.

**Note:** Many of you are emailing me about domain names I write on and asking if the Plaintiff is Taking the Domain Names. Folks, if they do, just email me at SawyBroker@Yahoo.com, and I will tell you the story. It is Illegal for Tonkon Torp to do many of the things they have done to me over a year, and I shall meet Tonkon Torp Law Firm in Court over this. I am sure that the Corrupt, Lying David Aman who has lied about me at every turn in this case will control my blogs soon, and in that I will sue Tonkon Torp for even more.

This case WILL be overturned, as it is unjust, unlawful, unconstitutional.

David Aman, Tonkon Torp Lawyer is deposing me Crystal Blogger on Thursday to discuss my alleged assets, to further harass me and to question me over my business and the domain names I use to make a living. David Aman has lied since the beginning of this lawsuit filing and I do not expect this deposition to be any different.

If David Aman, Tonkon Torp Lawyer takes the domain names I used to make a living then so be it, this case will be over turned and he will have to give them back, I am not worried about this. I make a living from those names in conjunction with other people, and if David Aman, Tonkon Torp Lawyer takes

my livelihood, which is illegal then that is just one more thing that Tonkon Torp Law Firm will be liable for.

David Aman, Tonkon Torp Lawyer will soon be asked to answer many questions by way of a Declarative Statement from me, in a Legal Battle whereby Tonkon Torp Law Firm and David Aman personally, will be a Defendant. David Aman and the Tonkon Torp Law Firm was involved in the Corruption I was exposing as an Internet Journalist and they continue to harass me to silence the truth. I will continue to file legal documents to prove

that Tonkon Torp has done this to me in order to harass me into silence.

David Aman, Tonkon Torp is breaking the law, he is privileged to do so with his law degree, not much I can do about it. I am not breaking the law, nor have I. David Aman will be accountable one day to a non-corrupt court. This law degree also gives David Aman to get all my bank records without even having to show my bank an actual "judgement". David Aman, Tonkon Torp Lawyer abuses his power and I will sue him for infringing on my legal rights to due process and constitutional law.

It will all come out that **Obsidian Finance Group** actually made business deals that show higher revenue deals and was simply trying to silence me to cover up the truth about Obsidian Finance Group, as I linked to documented proof, it was all to silence me and this will come out, lawsuit after lawsuits. David Aman can harass me, bully me, commit fraud and criminal acts against me, and still one day **the TRUTH will come out.**

**Tonkon Torp Law Firm**

Even if David Aman soon takes my access to domain names and thereby STOPS my ability to "edit" or make changes on those sites, and there by takes my income, I will still expose David Aman and the Tonkon Torp Law Firm for their involvement in all this. I will so via Press Releases, Legal Documents, Tons of Free Blogs, ebooks, PDF Documents, YouTube Videos, books registered with Bowker as I have lots of ISBN numbers registered to me as Nakai Publishing. I Will find a Way to Expose them.

**Justice Will Prevail Eventually  
Let Go, Let God !!!**

#### **Also please Note:**

Though I have complete faith that all will be as it should be, still I do believe that David Aman is capable of anything and if I should not return to this blog after my Deposition, well then assume the worse, as David Aman has been harassing and threatening me for over a year and the courts have protected him, thus far to do so with Free Reign. Also note I have a large fan base, and other bloggers who will continue exposing David Aman, Kevin Padrick and Tonkon Torp Lawyers in the event of my Death. **I hope you, Reader will continue investigating** Tonkon Torp, David Aman and Obsidian Finance Group, Kevin Padrick, Patricia Whittington, and David Brown. For they are not above killing me, I have known this for over a year. **So Again, Let Go, Let God.**

## Marc Randazza drew Stephanie DeYoung into his battle with Blogger Crystal Cox and with no regard for her rights, her family, or her quality of life.

Marc Randazza posted something on his blog that was retracted on the Internet Long ago, sent to him by David Aman, the Plaintiff's Attorney, it is assumed. This post was labeled as directly the words of Summit Bankruptcy Insider Stephanie DeYoung, yet when Stephanie DeYoung committed on Marc Randazza's blog, he, being a Free Speech Advocate, would not allow her comment on his blog.

Then Marc Randazza, in his mission to discredit Blogger Crystal Cox, he, posted a comment on that very post that said he figured it was Crystal Cox, herself, who made the comment so he refused to let the comment through. That was on April 6th, and shown in the video "Crazy Blogger Crystal Cox" which is full of partial quote, false light and flat out lies.

Marc Randazza did this, even though he knew full well that the comment was from Stephanie, as he had emailed her right after she posted the comment. Marc Randazza is protecting Big Media's foothold over the rights of Citizen Journalists, and Anti-Corruption Bloggers. Marc Randazza is protecting big wigs in the Porn Industry and saying it is all in the name of free speech, yet Marc Randazza is suppressing Free Speech.

Marc Randazza was going to represent blogger Crystal Cox in an appeal that affects all bloggers and all citizens in their free speech rights. Yet soon after Crystal Cox chose a different Lawyer, Marc Randazza launched a campaign of hate and lies to create an illusion that he is acting as if he says bloggers can be journalists, just not this one. Thing is, what has happened to me to keep bloggers out of the "journalists" camp, also happened to Shellee Hale and allegedly 200 other bloggers. My case is simply the most buzz, because it had the biggest price tag in my judgement of \$2.5 Million Dollars.

Marc Randazza has deliberately lied about Investigative Blogger Crystal Cox, Over and Over. The motive is clearly to attempt to STOP my Appeal, to discredit me, to provide a smoke screen to the corruption I am exposing, of which also involves Lightsquared and iViewit. **Both in which Marc Randazza's buddies, clients will lose BILLIONS over.**

Marc Randazza even lied to Stephanie DeYoung about me changing the focus from Kevin Padrick to ME, knowing full well I constantly blog on my case and on the Summit Bankruptcy. Marc Randazza has contacted others to get them to turn on me, and yet the Truth is still standing for anyone who wants to actually look at the facts instead of simply join the Marc Randazza Fan Club.

Marc Randazza is part of suing 35,000 innocent people that Corbin Fisher baited into downloading videos, and is now extorting these folks for what he is calling an "Amnesty Program". This is a video technology that is owned by the iViewit Technology Company, in which the inventors have not got a dime. And this amazing videos technology was invented over a decade ago, by the iViewit inventors.

Marc Randazza is a powerful attorney in this "game", as his connections are pretty high in the Porn Industry, which seems to control many judges and attorneys. However, the Truth will prevail. We cannot let the Marc Randazza Lie, stand as the Truth just because he has big connections and many blogger thugs to paint fluff about him, to hide the Truth.

Here is what Stephanie DeYoung, Bankruptcy Whistle Blower Posted on her Blog Today, regarding the Marc Randazza Battle against Investigative Blogger Crystal Cox.

"It has come to my attention that Marc Randazza (<http://randazza.wordpress.com/2012/04/02/new-york-times-chimes-in-on-the-crystal-cox-story/>) has been obsessed with a blogger fight with Crystal Cox. He seems to be getting old posts off of my blog that were deleted a long time ago and posting them on his blog.

Not sure how this works, but I thought when you delete a post it does go away. I am wondering if he is getting this information from Kevin Padrick or David Aman.

Anyway, I commented on his posts regarding these deleted posts, but he decided to not allow them to show up on his blog. So, I will put them here on my blog...

Dear Author,

It is nice that you have used an old post of mine that I have removed. My post was in part true and in part emotionally based. You see, Crystal was fighting for me because my family had me hospitalized because I had a manic episode after fleeing for my life from Kevin Padrick of Obsidian Finance and David Aman of Tonkon Torp.

They had harrassed me, bullied me, and took all my investments using tactics such as freezing bank accounts, filing court proceedings, making false accusations in the newspaper and in the court documents, making me do a deposition before any of the Summit 1031 Accommodators owners had to, making me do a 2004 documentation request, ignoring my rights in my ownership in various properties, etc.

While trying to fight for my rights, they played their attorney games with my attorney's making my attorney bills huge. I finally ran out of money to fight for my rights, so they got my properties by me filing for bankruptcy so they couldn't keep coming after me. They simply took my children's investment illegally, but again I have no money now to fight it and even if I did, it wouldn't be enough because Kevin Padrick has way more money and resources, that no justice could ever be found.

So Crystal attacked my family because they hospitalized me in a total inappropriate manner and I believe there was some other powers higher up that contributed to the way things went down.

Anyway, I removed the post you have here on this blog because after I was done being angry at everyone including Crystal, I realized it was emotionally charged and without merit.

I wish you would get the story straight on who the true predator is.

Sincerely,  
Stephanie Studebaker-DeYoung

**PNW Tax Advisors Googles "Summit Bankruptcy Blogger". I assume this is Gary Stachlowski, who worked at Arthur Anderson involved in the iViewit Technology Theft. Gary Stachlowski seems to have no respect for the U.S. Bankruptcy Codes, or CPA Ethics, in my Opinion. Gary Stachlowski's testimony was all that alleged proved that the ONE Post was wrong and defamatory. Even though I brought over 500 Documents of Proof. Gary Stachlowski has no respect for the Laws of the United States and Instead Stands with Bankruptcy Trustee's and Attorneys who Ruin Lives of innocent victims year after year with NO Accountability.**

**EXPERT OPINION IS NOT FACT.**

This one man, has single handedly let Kevin Padrick get away with what sure seems to me to be Fraud on the Courts, Collusion, and has let a powerful corporate attorney look as if the "Good Guy" in what sure seems to be years of Pattern and History, Fraud and Deceit.

Gary Stachlowski of PNW Tax Advisors Portland, will believe what he believes, and there is nothing I can do about it. My documents, my Evidence and the true story of the Summit Bankruptcy was covered up by the powerful connections of Michael Simon then of Perkins Coie, Steve Hedberg of Perkins Coie and the history with Department of Justice Trustee Pamela Griffith, Kevin Padrick and Tonkon Torp's Leon Simson. I have been telling the Truth to the best of my Ability for years. And yet Gary Stachlowski seems to believe I simply made that information up in order to defame a multi-millionaire with nothing in it to gain for me.

Though the lies of me creating information to charge to be removed, seem to keep surfacing, though very untrue, this has no relevance to the truth of the Summit Bankruptcy, yet seems to be the smoke screen most see. Follow the Money, Follow the Truth. I have been denied due process, lied to and lied about, set up, deceived and David Aman of Tonkon Torp who was also involved in Summit Bankruptcy alleged fraud, corruption and collusion.. well he has lied to the courts about me for over a year and my rights are tossed away at every turn in the road.

Kevin Padrick Really Did the things I accused him of and that is still my belief to the best of my ability. The Summit Bankruptcy debt ended up being more then they went bankruptcy for. They lied about all of this, they perjured themselves in my trial, they continue to lie about me, a penniless blogger and yet they are making millions monthly. The Black Cap Project was signed in 2011, this wattage agreement signed during the time they testified to losing so much business, really? Obsidian Finance Group is involved in massive public projects, and they make millions on your dime and have no accountability. Gary Stachlowski has helped Obsidian Finance Group to cover all this up. He lied in testimony saying that ONE Blog Post accused of Tax Fraud, when it asked the question. He obviously had built up hate for me due to other blog posts that Tonkon Torp Attorneys and Obsidian Finance Group convinced him were untrue.

There is nothing I can do. Jury Tampering, Denial of Due Process, Fraud on the Courts, Perkins Coie's Power, Judge Randall Dunn, Dept. of Justice Pamela Griffith and more ... are more powerful then me in their world of corruption and making victims look like criminals. Either Gary Stachlowski of PNW is with them on aiding and abetting or he truly felt I was evil, biased, and simply out to defame some man in Portland whom my life, at the time had NOTHING to do with. Makes no sense, it was simply the story others were experiencing that I was getting found in the search engines. **Why does Gary Stachlowski not investigate?** Doesn't Gary Stachlowski of PNW have an obligation as a CPA to report possible law violations that he may suspect? Does Gary Stachlowski really think that some blogger just made all this up to allegedly ruin the life of some man she never knew?

The Truth is Kevin Padrick ruined lives, persecuted innocent people, and made their lives hell in every way including criminal charges falsified, collusion with the Bend D.A., and more to distract from where he was really displacing the victims money. Tonkon Torp, Sussman Shank, Perkins Coie, Obsidian Finance Group.. they made MASSIVE money. I lost money and years of my life, I never offered to clean up damage I created. That was a settlement offer in hope to make a lawsuit not happen. The Truth of the Summit Bankruptcy remains to be the TRUTH, and Kevin Padrick DID violate bankruptcy code, did have a breach of contract with the Summit Principals, and did turn a debtor in possession to a liquidation and tie up the assets and thereby the lives of over 106 creditors, investors, victims and with no accountability. As he had set his own clients, Summit up for indictment to create a massive smoke screen so no one saw what he was doing to create more debt and make more millions.

Then Kevin Padrick, in the all powerful Trustee Position, he sued anyone who would not say what he wanted, such as Lynn Hoffman I hear, and he sued insurance companies and even accused Umpqua of a crime they did not commit and used his power in the Oregon Courts and the Perkins Coie, Tonkon Torp, Miller Nash connections to make Umpqua bank cave and pay millions when there was NO Ponzi.

The victims that have been under massive duress from the actions of Kevin Padrick is who I fought for. I am telling the Truth, the best I know it. And folks like Gary Stachlowski will believe what he believes, however the Truth remains to be the Truth.

They lied about lost revenue, they lied about that post being defamation that cost them any money, they committed Fraud on the Courts and Gary Stachlowski simply joined in the attack with no facts.

**So Today PNW takes a Look at my Blog.** One can pray to the Great Spirit that a ray of light exists and that the Truth will be Seen, yet the Justice System, the Truth, and the Laws being Applied to Obsidian V. Cox, well there seems to be little chance in that as Judge Marco Hernandez is connected to Perkins Coie and they have the Most to Lose. I believe there was Jury Tampering, my proof ignored. I show collusion and fraud, my rights are denied. I was denied due process at every turn.

Gary Stachlowski of PNW Tax Advisors was down right hate filled on the stand. I don't believe that Gary Stachlowski had enough information to make an intelligent decision on the Summit Bankruptcy Case. However to the contrary he was paid by the Plaintiff to testify, and he was filled with the Plaintiff's Version of Reality. What really happened, those involved, the Truth seemed absolutely Irrelevant to Gary Stachlowski. I guess I am left with having faith that this was mean to be for the greater good somehow. Thing
