[Legal Group](#) is, in my Opinion, an unEthical Attorney. [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) had a phone interview with me, [Blogger Crystal Cox](#), to determine if [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) wanted or could take the Obsidian Finance Vs. Crystal Cox case on appeal.

After Crystal Cox spoke with [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#), I bought [MarcRandazza.com](#), because it was available and I wanted to use the domain name to further the cause of the case and Free Speech rights.

Then, soon after this call, in a highly unethical manner, [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) contacted the Plaintiff in Obsidian V. Cox, without letting Crystal Cox know that he was doing so, or even representing her. Marc J. Randazza, [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) gave away privileged information, negotiated my case and Marc J. Randazza, Marc John Randazza, Marc Randazza of [Randazza Legal Group](#) gave private information.

Marc J. Randazza, [Marc John Randazza](#), Marc Randazza of [Randazza Legal Group](#) did not contact me to let me know he represented me. Yet Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group told members of the First Amendment bar that he, Marc J. Randazza, [Marc John Randazza](#), Marc Randazza of Randazza Legal Group did represent Crystal Cox.

Meanwhile, I Crystal Cox Blogger, had picked another attorney who had previously contacted me. This attorney contacted Marc J. Randazza, [Marc John Randazza](#), [Marc Randazza](#) of Randazza Legal Group about his yapping to the First Amendment Bar in representing me. [Marc J. Randazza](#), [Marc John Randazza](#), Marc Randazza of Randazza Legal Group claimed, indeed that he did represent Blogger Crystal Cox, me. **Which was in no way True.**

Just after this conversation [Marc J. Randazza](#), Marc John Randazza, Marc Randazza sent me, Crystal L. Cox an email saying that he [Marc J. Randazza](#), Marc John Randazza, Marc Randazza of Randazza Legal Group would represent me Crystal Cox on appeal.

I told Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group that I did not want Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group to represent me, as I had chose another attorney who had treated me with dignity and respect.

[Marc J. Randazza](#), [Marc John Randazza](#), Marc Randazza of Randazza Legal Group pretended to be fine with this decision. And Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group told me that all was fine with it. We had spoke previously about my marketing abilities.

And so about a month after [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) acted as if he was fine that I chose another attorney, I emailed Marc J. Randazza, [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) and asked Marc J. Randazza, [Marc John Randazza](#), [Marc Randazza](#) of Randazza Legal Group if he had use for internet marketing in his business. He said he did not need internet marketing for his firm and he demanded that I give him [MarcRandazza.com](#), even though [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) had never bought that domain name in all these years as an alleged Internet Lawyer and Domain Name Expert, Hmmm !!!!

When I refused to Give him the domain name, [Marc J. Randazza](#), [Marc John Randazza](#), Marc Randazza of [Randazza Legal Group](#) got very mad

and threatened me. He said you really want to make an enemy of me, in that purely mafia style threatening manner. After this, to teach me a lesson [Marc J. Randazza](#), [Marc John Randazza](#), Marc Randazza of Randazza Legal Group conspired with the Plaintiff in Obsidian V. Cox to set me up for Extortion.

And [Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of [Randazza Legal Group](#) had no proof that any such thing happened. In fact, blogger Crystal Cox, me, had not written anything to EXPOSE Marc J. Randazza, [Marc John Randazza](#), Marc Randazza of Randazza Legal Group until Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group offered to join the Plaintiff and set up his own alleged client.

Blogger Crystal Cox NEVER offered to remove anything she had written online about [Marc Randazza](#) for MONEY. I even refused his offer to buy the Domain Name. Marc J. Randazza, Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group continues to lie and claim that blogger Crystal Cox, me, wanted money to remove information. However Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is flat out lying. I had not written one word about Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group until he conspired to set me up and harm me and I defended myself in the search engines.

I felt extremely compelled to set the record RIGHT, get my side of the story in the search engines and to expose Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group and how he treats his clients.

How can [Marc J. Randazza](#), Marc John Randazza, Marc Randazza of Randazza Legal Group justify using his alleged clients information to set them up for things they did not do and how can [Marc J. Randazza](#), Marc John Randazza, Marc Randazza of Randazza Legal Group use information he was given in confidence as a weapon to ruin the life of his client, or client to be?

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group's hypocritical actions led me to buy more Domain Names to make fun of Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group and his lack of knowledge in Domain Name Law, Intellectual Property and Free Speech rights as proven by the fact that he never bought that domain name, and that he got my blogs and accounts shut down to suppress MY free speech. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group even filed for a protective order out of Las Vegas in order to suppress Free Speech.

It sure seems that [Marc J. Randazza](#), Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group will go to any lengths to SUPPRESS Free Speech. If that Free Speech is about Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group.

Yet [Marc J. Randazza](#), [Marc John Randazza](#), Marc Randazza of Randazza Legal Group defends others to have the same right to own domain names with other people's name in it. Seriously, it is blatantly obvious that Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is a hypocrite.

How in the world can Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group claim to be an advocate of Free Speech when Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group has done everything he can, short of taking my life, in order to suppress my Free Speech Rights.

To further my point that Marc J. Randazza, Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group was ill equipped at domain name

law, I purchased the domain name of his child and his wife. Of which I created a Blog on JenniferRandazza.com, to, again prove that Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group did not have the skills he proclaimed to have in this Internet Legal World. The other domain name, was NEVER, ever published in any way by me. Yet Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group flat out lied to big media and claimed that I did publish this domain name. [Marc J. Randazza](#), Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group painted blogger Crystal Cox, me, in False Light deliberately. Yet, Marc J. Randazza, Marc John Randazza, Marc Randazza of [Randazza Legal Group](#) has no accountability.

[Marc J. Randazza](#), Marc John Randazza, Marc Randazza of [Randazza Legal Group](#) ruins lives. Marc J. Randazza, Marc John Randazza, Marc Randazza of [Randazza Legal Group](#) spreads lies about his clients and ex-clients and with seemingly no remorse.

After having made my point that Marc J. Randazza, Marc John Randazza, [Marc Randazza](#) of [Randazza Legal Group](#) is an idiot. I, Blogger Crystal Cox deleted the domain name that allegedly was dumbass [Marc J. Randazza](#), Marc John Randazza, Marc Randazza of Randazza Legal Group's darkest hour of terror. And I gave away JenniferRandazza.com, the name of the wife of Free Speech / Domain Name Attorney Marc J. Randazza, Marc John Randazza, Marc Randazza of [Randazza Legal Group](#)'s wife. I gave the name away to further the cause of exposing injustice in the Pom Industry and to help expose stalking and activities of those connected to Randazza Legal Group's J. Malcolm Dewy. **Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group** is said to have stolen that domain name from a GoDaddy Account, with the help of a Godaddy Employee Allegedly.

I gave **MarcRandazza.com** to the same person for the same reasons. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group seemed to have threatened this person and even posted on chat sites the persons car and make of care and wishing them death. So in fear they returned the domain name to me. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group then filed an Arbitration complaint to steal the Domain name MarcRandazza.com that Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group was to dumb to buy.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group claims to be an Advocate of Free Speech, however, Blogger Crystal Cox knows that to be an absolute falsehood.

[Marc J. Randazza](#), Marc John Randazza, Marc Randazza of Randazza Legal Group shut down one of my Google accounts, simply because I made fun of and exposed Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group.

[Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza of Randazza Legal Group](#) had my wordpress blogs shut down because Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group did not like me exposing the actions, hypocrisy and butt hurt of Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group.

[Marc J. Randazza](#), [Marc John Randazza](#), [Marc Randazza](#) of Randazza Legal Group lied to Forbes regarding Crystal Cox. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group has lied to the world about me. Nothing I can do but tell the Truth, the whole Truth and have Faith.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza

Legal Group lied to a national radio program regarding the actions of Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group claimed in the Sandra Fluke case that Butthurt does not pay. Yet Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is butthurt and stealing intellectual property over it. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is butthurt and ruining lives over it.

Do your homework BEFORE you even speak to Marc J. Randazza, Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group. Blogger Crystal Cox claims that Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group has so many connections that the law and the constitution is irrelevant. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group lies to big media and they eat it up. Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group whines to anyone who will believe Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group's flat out lies.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group has inside connections everywhere and will get your blog shut down, will steal your domain names, and Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group will violate your constitutional rights, your Free Speech rights. And all under the guise of Free Speech Advocate.

[Marc J. Randazza](#), Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group is, in my Opinion, NOT a good man.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is, in my Opinion, NOT an honest attorney.

Marc J. Randazza, Marc John Randazza, [Marc Randazza](#) of Randazza Legal Group is, in my Opinion, NOT an advocate of the Constitutional Rights of All.

Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group is, in my Opinion, a hypocrite and will do anything to silence Free Speech when that Free Speech is telling on Marc J. Randazza, Marc John Randazza, Marc Randazza of Randazza Legal Group.

[Steve Bullock for Governor. Say No to Steve Bullock for Montana Governor. Following is an Open Letter to Montana Attorney General From Michael Spreadbury. I am a 4th Generation Montanan, I Say NO to Steve Bullock for Montana Governor. Steve Bullock for Governor; NO Way Steve Bullock for Governor. Steve Bullock for Governor.](#)

Steve Bullock, Montana Attorney General has IGNORED the rights of the victims of Montana Corruption. Steve Bullock, Montana Attorney General, knows about Montana Corruption that violates our constitutional rights and denies our due process and Steve Bullock does NOTHING.

Now Steve Bullock for Governor?

Why in the World VOTE for Steve Bullock for Governor when Steve Bullock has protected corruption in Montana as our Attorney General and **Steve Bullock protects the University of Montana to violate constitutional rights and allow Law Students, to seemingly violate the law.**

I Say No to Steve Bullock for Governor?

Below is a Letter from Michael Spreadbury to **Steve Bullock, Montana Attorney General who is Steve Bullock for Governor, Say No to Steve Bullock for Governor?**

"Dear Steve,

Montana Attorney General

I got the strangest letter in the mail today from your prosecution services. Mr. Olson agreed with me that your office has a conflict of interest, and asks me to find an attorney. I think I found you. You were the guy shaking hands with George Corn. You were the guy on the phone threatening my house, and my job a FEMA. You're hired.

You carried out your threat with **Angela Wetzsteon's** unauthorized student practice.

Your office needs to assign a prosecutor for the crime of prosecuting law without a license.

Or should we tell all of the law students in Missoula that they are wasting their money at law school?

Did you waste you money at law school?

Does covering up felony crimes work for Montana to make it any better than it is?

A crime was committed (Perjury, Fraud, Impersonation, falsification, violation of rights). Isn't the Montana Attorney General supposed to prosecute crimes? Isn't the Attorney General supposed to protect consumers from unauthorized practice?

A call was made by your prosecution offices to the perpetrator to ask what their side of the story is. Nobody did that as I asked a librarian for help with sitting peacefully on public property. Don't we get federal monies in Montana? What are they for, to terrorize people?

You forgot all of the medical marijuana voters hitting the polls--Your governor plans are up in smoke.

PS Let me know how a private attorney will help me as this case has gone through the State Supreme Court, and the 9th circuit. Let me know how a private attorney can prosecute someone in Montana. While you are protecting crime, you ruined the reputation of a law student, and the integrity of your office.

Enjoy private practice Steve.

Sincerely,

Michael Spreadbury "

Below is a Quote, a Post, from this Source

<http://www.montanaattorneygeneral.com/2012/04/up-in-smoke-steve-bullock-for-governor.html>

"On February 9, 2011 Eric Holder the mastermind of destroying state medical marijuana laws spoke in the Montana Theater at the University of Montana Missoula.

Montana residents were ready to listen to Eric Holder, the US Attorney General who told the crowd that day medical marijuana would be respected. Steve Bullock had a chip on his shoulder as he heard Holder speak--because he knew that The US Attorney General was lying about respecting Montana's citizen initiative from 2004 legalizing medical marijuana.

What Steve Bullock didn't know is that his bid for Governor in 2012 went up in smoke by going along with the federal power grab over our laws and rights in Montana.

Five weeks later, the DEA, FBI, state and local law enforcement agencies raided upwards of 28 sites throughout Montana.

As a state is politically more favorable to independent/Libertarian mindset: read RALPH NADER & RON PAUL, and the Democrats outright attacked Independents more than medical marijuana. Steve Bullock does not have a chance with Montana voters as he seeks election for Governor.

As the state voters will overturn the Montana Legislature in 2011, 2012 will be a strong year for the large voting block FOR medical marijuana in the United States. Montana is no different.

As Steve Bullock knew of the raids in the spring of 2011 he did not count on the tide of voters who are upset with Steve Bullock not upholding Montana law. Steve Bullock saw the power in going along, instead of his sworn duty to uphold the law, no matter what the law said.

This is why Steve Bullock's desire for Governor will **not** be fulfilled in

2012. This blog network called Steve Bullock's Kettle Black (and Green) as he investigated Greg Mortenson from Bozeman MT as Bullock's own fraud is ten times the fraud of CA's mismanagement under Mortenson.

Here is a national Democratic operative begging the Obama campaign in an open letter TO NOT MESS with the medical marijuana laws in the United States, saying it will bring out voters against Barack Obama in 2012. Bullock's stance in Montana will not convert for Governor either. http://stopthedrugwar.org/speakeasy/2011/oct/15/open_letter_president_obama_medi

As Democrats, and Steve Bullock in Montana take the hatchet to the Citizen Initiatives they do so to their own political peril. The Republicans are also not so aware of the power of **the medical marijuana voting block in Montana and in the USA**. Here is a snippet of Mitt Romney telling a patient that he does not support medical marijuana. Ron Paul just might win that floor fight in Tampa at the GOP convention.

As a Nader operative in 2004 and issuing press releases with the campaign in 2004 to get medical marijuana passed in the State of Montana, the Democrats and Steve Bullock currently running for Governor have been left on the dock and the election boat has sailed.

To criminalize marijuana after the people have accepted it as a medical savior for several painful conditions is political suicide. Steve Bullock, by not upholding our Montana law [he also did not respect election law, or unlawful practice, or other Montana victims: the elderly] he has committed political suicide in Montana and has no chance for Governor of Montana in 2012.

I will end this post on what Ralph Nader called Civil Liberties. This is a press release from Nader's 2008 Presidential Campaign, and can be

found by searching www.VoteNader.org. For those readers who don't believe in Medical Marijuana, freedom to choose, and civil liberties, please read this press release.

War on Drugs: [Ralph Nader 2008]

The Nader campaign calls for the decriminalization of marijuana, the legalization of industrial hemp, and an end to the war on drugs.

Medical marijuana: The criminal prosecution of patients for medical marijuana must end immediately, and marijuana must be treated as a medicine for the seriously ill.

The current cruel, unjust policy perpetuated and enforced by the Bush Administration prevents Americans who suffer from debilitating illnesses from experiencing the relief of medicinal cannabis.

While substantial scientific and anecdotal evidence exists to validate marijuana's usefulness in treating disease, a deluge of rhetoric from Washington claims that marijuana has no medicinal value.

The Controlled Substances Act of 1970 defines marijuana as a Schedule One narcotic, making it very difficult for American researchers to perform rigorous double-blind scientific studies on marijuana. Even without these difficulties, research has shown marijuana to be a safe and effective medicine for controlling nausea associated with cancer therapy, reducing the eye pressure for patients with glaucoma, and reducing muscle spasms caused by multiple sclerosis, para- and quadriplegia.

Internationally, scientists are undertaking massive studies to determine the healing powers of cannabis. In August 2003 the esteemed British medical journal *The Lancet* reported that the world's largest study into the medical effects of cannabis have confirmed that the drug can reduce pain and improve the lives of people with multiple sclerosis. The three-year study was the first proper clinical appraisal of whether cannabis-derived drugs can help treat MS.

Harvard medical doctor Lester Grinspoon has said he would have loved to do a similar study, but has been held back by the law. On his website, www.rxmarijuana.com, and in his book *The Forbidden Medicine*, Grinspoon documents how marijuana relieves the pain of people enduring more than 110 different medical conditions like AIDS, Crohn's Disease, glaucoma, cancer, and many more. Marijuana helps increase appetite, reduce blood pressure and intraocular pressure.

Whenever given the chance, the American public has voted to allow seriously ill people to relieve their pain with marijuana. Despite well-funded opposition from the federal government, citizens in nine states have cast ballots to legalize the use of medicinal marijuana. No state has ever rejected such a voter initiative.

Medical marijuana community health centers have opened up in the states, like California, only to be aggressively attacked and closed by federal law enforcement agents.

Physicians must have the right to prescribe this drug to their patients without the fear of the federal government revoking their licenses, and doctor-patient privacy must be protected. The Drug Enforcement Administration should not be practicing medicine.

Industrial hemp: The Nader campaign supports industrial hemp as a renewable resource with many important fuel, fiber, food, paper, energy and other uses. Industrial hemp is a commercial crop grown for its seed and fiber and the products made from them such as oil, seed cake, and hurds (stalk cores).

Industrial hemp is one of the longest and strongest fibers in the plant kingdom, and it has had thousands of uses over the centuries. In need of alternative crops and aware of the growing market for industrial hemp—particularly for bio-composite products such as automobile parts, farmers in the United States are forced to watch from the sidelines while Canadian, French and Chinese farmers grow the crop and American manufacturers import it from them. Federal legislators, meanwhile, continue to ignore the issue of removing it from the DEA list. It is time to allow hemp agriculture, production and manufacturing in the United States.

Clemency for Non-Violent Drug Offenders: In 2004, Ralph Nader wrote President Bush urging that he grant clemency to 30,000 non-violent drug offenders. Nader's letter highlighted the three decade long failed, and unjust, drug war. His call for clemency highlighted a similar request made by 400 clergy members to President Bill Clinton in 2000.!--end summary-->

Nader's letter recalled President Bush's substance abuse problems and noted that if he had been incarcerated for cocaine use he "probably would not have gone on to have the career you have had."

The letter also highlighted the rapid expansion of the prison system in the United States which now houses more than 2.1 million people – one-quarter of the world's prison population. Clemency for non-violent drug offenders would save more than \$1 billion annually.

"It is urgent that the U.S. reverse the incarceration binge. The U.S. Department of Justice estimates that if incarceration rates remain unchanged an estimated 1 of every 20 Americans and greater than 1 in 4 African Americans can be expected to serve time in prison during their lifetime," said Nader. "It is time to make the failed war on drugs a central issue in the American political dialogue.

For too long we have let this injustice continue to grow unhindered. Taking action on clemency at the federal level will set an example for the states and begin the process of reversing this failed policy."

To your own peril Steve Bullock did you allow the Federal Raid on Montana in 2011. The Montana voters will re-establish the citizen initiative, and keep you out of Political Office as Governor.

Steve Bullock is too dangerous with his power as Attorney General in Montana to allow him ultimate power over the Montana People as Governor in 2012. "

Does [Charles O'Neal's](#) Church, Beaverton Grace Bible Church use Spiritual Abuse tactics to keep member coming to Beaverton Grace Bible Church ?

Julie Anne Smith of Oregon has a the right to post her experience with Pastor Charles O'Neal of Beaverton Grace Bible Church . And the right to post facts as best she can, in order to help other Oregon residents from having the same bad, damaging experience as she had with Pastor Charles O'Neal and [Beaverton Grace Bible Church](#).

It sure seems like [Pastor Charles O'Neal](#) of [Beaverton Grace Bible Church](#) used Spiritual Abuse practices. Shunning is Cruel at best. It is Creepy and it does seem to be a tactic of Cults. She chose to leave the teachings of Pastor Charles O'Neal of [Beaverton Grace Bible Church](#) and the Sermons of Pastor Charles O'Neal of [Beaverton Grace Bible Church](#) and she was defamed, discriminated against, shunned, lied about, treated badly and Pastor Charles O'Neal and the [Beaverton Grace Bible Church](#) seem to have no remorse, no accountability.

Member of the congregation of Pastor Charles O'Neal of [Beaverton Grace Bible Church](#) have a right to speaks out by BLOG. It is their Constitutional Rights, and this certainly is a Free Speech issue and a moral issue.

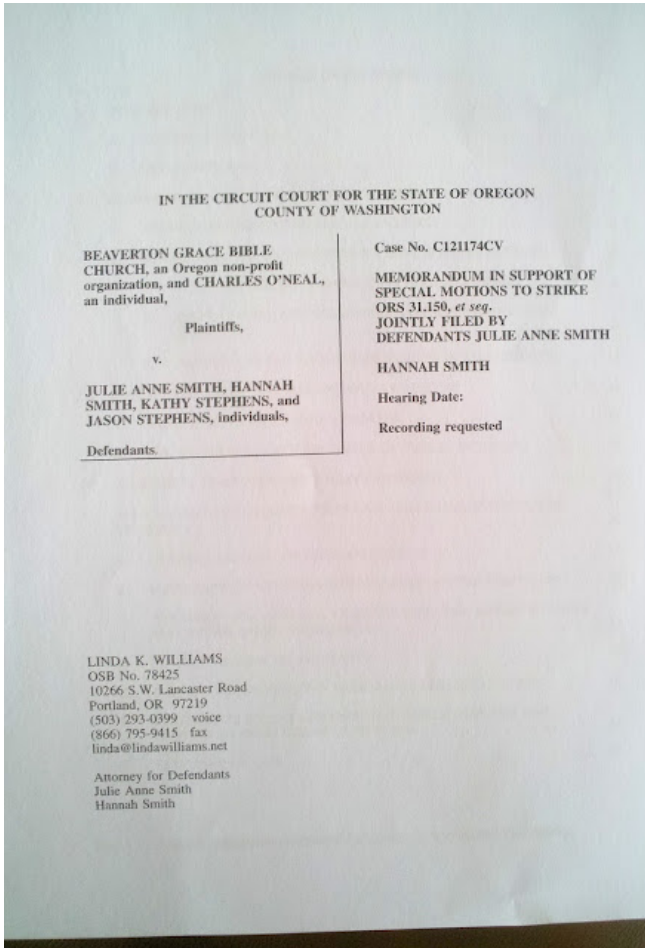

Pastor Charles O'Neal of [Beaverton Grace Bible Church](#) and [Julie Anne Smith](#) in the News.

Pastor Charles O'Neal's Church, Beaverton Grace Bible Church has been accused of being a cult, of being "creepy", and of using control tactics, as well as spiritual abuse. Is this a true accusation of Pastor Charles O'Neal of Beaverton Grace Bible Church ? Is what happens at the Beaverton Grace Bible Church of public concern? Is Pastor Charles O'Neal of [Beaverton Grace Bible Church](#) a public figure? Did Julie Anne Smith have actual malice? Will this Oregon Judge rule that actual malice is irrelevant?

It goes on to say "...how can she forget that her own beloved pastor knew about a sex offender in the church who had access to the nursery and children on a weekly basis and did not have any safeguards in place."

And it says... "This is a very destructive and disturbing "church"... The extra Biblical legalistic teaching is wrong. Some Quotes and Links To Blogs, Sites Regarding Pastor Chuck O' Neal of [Beaverton Grace Bible Church](#)

"One of the weirder things about Chucks decision making process is his love of Rev. John MacArthur. Rather than associate and consult with pastors in his area, Chuck phoned MacArthur's church and was counselled by one of MacArthers staff pastors to sue. Chuck's explanation:

DEFAMATION IS A CRIME: [Pastor Chuck O' Neal](#), his wife, his children, and [Beaverton Grace Bible Church](#) as a whole, have suffered JulieAnne's hateful lying slander for well over three years. After seeking counsel from a pastor on staff with **Grace Community Church (under Pastor John MacArthur)** and reading him several excerpts from JulieAnne's endless defamation, he recommended that we FILE A LAWSUIT in an appeal to Ceasar as the Apostle Paul did when falsely accused of crimes against God and the state. The lawsuit has been filed in the Washington County courthouse. "

Pastor Charles O'Neal of Beaverton Grace Bible Church defames and spews hate regarding classes of people, and he seems to inspire his congregation to shun those who no longer wish to follow Pastor Charles O'Neal of Beaverton Grace Bible Church or shall I say "tithe" to Pastor Charles O'Neal and the Beaverton Grace Bible Church. Yet [Pastor Charles O'Neal](#) of Beaverton Grace Bible Church says Defamation is a Crime, when it comes to people talking about him.

Did anyone at [Grace Community Church](#) give legal advice, guidance or their opinion to Charles O'Neal of Beaverton Grace Bible Church ? Or is that defamation, gossip? They seem to say that is NOT True? So did Charles O'Neal of Beaverton Grace Bible Church lie about that or was Charles O'Neal of Beaverton Grace Bible Church mistaken? Here is what [Grace Community Church Pastor John MacArthur Says](#).

<http://bgbc survivors.blogspot.com/2012/05/macarthurs-statement.html>

It is assumed that Beaverton Grace Bible Church is a Tax Exempt non-profit in which Oregon Tax Dollars pay for in a way and of course the Tax Status alone makes Charles O'Neal of Beaverton Grace Bible Church a Public Figure and of Public Interest, right?

What is the damage to Charles O'Neal of [Beaverton Grace Bible Church](#) really? Maybe the Truth according to real experiences of Pastor Charles O'Neal of Beaverton Grace Bible Church's congregation will cost him "tithing", and the free will of Pastor Charles O'Neal of Beaverton Grace Bible Church's congregation to think for themselves.

In my Opinion it is seriously on the wrong side of the moral compass to "shun" those who choose, by free will to leave your church and to "**worship**" God in their own personal way. Every individual has a right to their own personal relationship with God and this has nothing to do with who the "tithe", who they follow or what church they are loyal to or not. It is WRONG to mistreat, single out, encourage shunning of individuals who leave a particular church or pastor for their own personal reasons on their own person, unique, sacred quest for spiritual enlightenment and a stronger personal relationship with god.

"The [Beaverton Grace Bible Church](#) has [on its website](#) an extremely offensive anti-gay hate letter, titled, "[HOMOSEXUAL PROLIFERATION –AN OPEN LETTER.](#)"

The Pastor Chuck O'Neal's Church, Beaverton Grace Bible Church Site Says

"In Nov. of 2008 a man was removed from the staff of Beaverton Grace Bible Church (BGBC). Since that time, Pastor Charles O'Neal and the Beaverton Grace Bible Church have been the targets of a three and a half year campaign of defamation by a group of former church members and attenders who are close personal friends of the former staff member. The church elders and the pastor did little to defend themselves over these three and a half years, believing that the individuals would tire of the effort and eventually cease the defamation.

However, that did not prove to be successful. In fact it was counter-productive. The defamation campaign escalated recently when one of the former congregants established a blog on the internet with the intent of reaching a broader audience. This divisive group has used review websites, blogs, the police, the Department of Human Services, and now the local media in their three and a half year campaign to destroy Pastor O'Neal and [Beaverton Grace Bible Church](#) with false accusations that range from ridiculous to criminal."

I say this is not sincere. In my Opinion Pastor Chuck O'Neal of [Beaverton Grace Bible Church](http://www.beavertongracebible.org/) wants to squash First Amendment Rights and Free Will of those who attempt to leave his RULE, his Power and Control, his Spiritual Abuse.

In my Opinion, [Pastor Chuck O'Neal of Beaverton Grace Bible Church](http://www.beavertongracebible.org/) wants to keep members at his church whatever "tactic" it takes and that Pastor Chuck O'Neal of Beaverton Grace Bible Church is not standing behind those defending their family in their way.

For [Pastor Chuck O'Neal of Beaverton Grace Bible Church](http://www.beavertongracebible.org/) to sue a mother and daughter for speaking out about their experience at the church of Pastor Chuck O'Neal of Beaverton Grace Bible Church, well this is NOT in support of people defending themselves

BEAVERTON GRACE BIBLE CHURCH PRESS RELEASE:

*Things are not always what they first seem to be. Here is a portion of the rest of the story.

In Nov. of 2008 a man was removed from the staff of [Beaverton Grace Bible Church \(BGBC\)](http://www.beavertongracebible.org/). Since that time, [Pastor Charles O'Neal](http://www.beavertongracebible.org/) and the [Beaverton Grace Bible Church](http://www.beavertongracebible.org/) have been the targets of a three and a half year campaign of defamation by a group of former church members and attenders who are close personal friends of the former staff member.

The church elders and the pastor did little to defend themselves over these three and a half years, believing that the individuals would tire of the effort and eventually cease the defamation. However, that did not prove to be successful. In fact it was counter-productive. The defamation campaign escalated recently when one of the former congregants established a blog on the internet with the intent of reaching a broader audience.

The facts will show that this is not a free speech case. As the campaign of defamation has escalated the postings on the internet have falsely accused Pastor O'Neal of being a "wolf," a "liar," a "narcissist" "

"After three and a half years of suffering a great many injuries tamely, without stirring for our own relief, we are now using lawful means to right the ministry of the Gospel at BGBC and to protect our families."

Pastor [Chuck O'Neal's](http://www.beavertongracebible.org/) Church, Beaverton Grace Bible Church

What happened with Pastor Charles O'Neal and with [Beaverton Grace Bible Church](http://www.beavertongracebible.org/). That is what happens when people leave many churches. They are defamed, harassed, and shunned by former friends and family. This happens for years, and if someone speaks out, then the church seems to think they will eventually tire and go away, the thing is this is real people with real lives and the Truth and their experience should matter and should not be silenced. Those reading the "review", the

"experience" of one member are smart enough to do their own homework and make up their own mind. Silencing a blog is not going to change the True experience of this one individual.

[Pastor Chuck O'Neal of Beaverton Grace Bible Church](#) wants to control his "Flock" otherwise [Pastor Chuck O'Neal of Beaverton Grace Bible Church](#) would encourage them to get the opinion of other's and still decide to stay based on free will and person choice and not on Spiritual Abuse tactics. Pastor Chuck O'Neal of [Beaverton Grace Bible Church](#) seems to think the members of his church cannot think for themselves and they will just believe what ever they read and not do their homework.

Why is it so important to Pastor Chuck O'Neal of Beaverton Grace Bible Church to silence one woman who had a bad experience? I believe it is because Julie Anne Smith speaks the truth regarding [Pastor Chuck O'Neal of Beaverton Grace Bible Church](#) and Pastor Chuck O'Neal of Beaverton Grace Bible Church does not like the truth being told regarding Pastor Chuck O'Neal of Beaverton Grace Bible Church.

Where is the law in protecting the individuals right to talk about their experience and to warn others so that the same thing does not happen to them. Why is Pastor Charles O'Neal of Beaverton Grace Bible Church so arrogant that [Pastor Charles O'Neal](#) of Beaverton Grace Bible Church wants to protect his family yet has no accountability to what Pastor Charles O'Neal of Beaverton Grace Bible Church has done to the family of those who attempt to leave his church?

Yes, if an innocent man was accused of being a sex offender and [Pastor Charles O'Neal of Beaverton Grace Bible Church](#) is accused of knowing and letting this happen, well yes this is wrong. And if not true, yes maybe an injunction, a retraction request and certainly proof that either the man is a registered sex offender and Pastor Charles O'Neal /[Pastor Chuck O'Neal](#) of Beaverton Grace Bible Church knew or not.

Did Charles O'Neal of Beaverton Grace Bible Church knowingly let a sex offender have "access to the nursery and the children on a weekly basis " or not? The Facts Speak for themselves really.

If this man was falsely accused of such a horrible act, then 3 years ago would have been the time to address that specific issue. As far as name calling, opinion, one members experience, well that is certainly a Free Speech issue.

However accused [Pastor Charles O'Neal of Beaverton Grace Bible Church](#) of being a wolf, a liar, a narcissist, well that certainly is opinion and free speech. And kind of narcissist for [Charles O'Neal](#) of Beaverton Grace Bible Church to sue and ex Beaverton Grace Bible Church member for calling it how it certainly "seems" to be.

"Let me get this straight, Chuck.

Former members of your church wrote negative reviews online starting sometime in 2009.

(Which few people actually read.)

Instead of seeking counsel from a pastor in your local area,

or..... I don't know following Matthew 18, Chuck, you call some unnamed pastor at Pastor John MacArthur's church, in California?

I can't wait for the pastor of MacArthur's church you allegedly called to be deposed. If this case get's that far, that is. I have a little idea who we will

find was doing the defaming.

Julie Anne started this blog in February 2012 because her negative reviews had been removed from Google.

I don't know you, Pastor Chuck, in my opinion, you're an idiot. Are you going to sue me too?

While you contemplate suing, do you know what the "Streisand Effect" is?"

Pastor Chuck O' Neal and the Beaverton Grace Bible Church Statement of Faith

" STATEMENT OF FAITH

I. We Believe In A High View of God God is absolutely sovereign in all things. The church is established and exists for His glory alone. God is directing and working all things after the counsel of His own will (1).

II. We Believe In A High View of Scripture. Because the Bible is the Inspired, Infallible, and Inerrant Word of God in the original language passed down to us without change, it is the absolute and final authority on all matters (2).

III. We Believe In the Preaching of Sound Doctrine. Maintaining a high view of God and a high view of Scripture necessitates the preaching, teaching, and practicing of sound doctrine (3). Doctrine always precedes duty.

IV. We Believe In Personal Holiness. Though we are in the world, we are not of the world. We are accountable to God and to each other for what

we do and how we live, for we have been bought and are not our own (4). We belong to Christ.

V. We Believe In Spiritual Authority. God Himself has established order in every area of our lives, and the church is no exception. God in Scripture has clearly given us the structure of authority for the church. Christ is the head of the church and He mediates His rule through the shepherding of godly elders (pastors)

(5). These elders (pastors), having a high view of God and Scripture, being devoted to the preaching, teaching and practicing of sound doctrine, and being examples of personal holiness before the congregation, are responsible to lead the church. The Bible teaches that the congregation is accountable to the elders (pastors) and that the elders (pastors) are accountable to God. Therefore, all decision-making authority is vested in the elders (pastors), who shepherd the church (6)"

Posted by Crystal L. Cox at 1:11 PM, 0 comments 

FRIDAY, MARCH 9, 2012

[Marc Randazza](#), First Amendment Attorney, in the Name of Free Speech, has Started a WAR with Blogger [Crystal Cox](#) in an Egotistical Tantrum. [Crystal Cox Vs. Mark Randazza](#).

[Marc Randazza](#), Celebrity First Amendment Attorney, has his Panties in a Wad over [Crystal Cox](#) Blogger (Not Porn Star) rejecting him as her Attorney, and [Marc Randazza](#), is fighting back by conspiring with the Plaintiff in [Obsidian V. Cox](#) to set up Blogger [Crystal Cox](#).

[Marc Randazza](#) has not done his homework on [Obsidian Finance Group](#), or [Kevin Padrick](#) to determine if there a reason to investigate, or to believe that indeed **Blogger [Crystal Cox](#)** does have those **Journalistic Standards** that [Marc Randazza](#) spoke of in their first conversation.

See, [Marc Randazza](#) went to school to be a journalist, and does not seem to be interested in journalistic adventures, such as reading, or [Marc Randazza](#) would easily see that [Kevin Padrick](#) and [Obsidian Finance Group](#) are in some major conflicts of interest; massive lobbying and solar tax credits issue, People in Lake County Oregon are very upset at their property rights being run over by [Obsidian Finance Group](#), [HomeStreet](#) bank out of Washington filed an Objection to the Fees of [Kevin Padrick](#) and [Obsidian Finance Group](#), There is history of questionable behavior over the [Longview Fibre Deal](#) and [Aloha Lumber](#), and the [Oregon Trail](#)

Issues.

[Marc Randazza](#) is so upset that Blogger Crystal Cox bought [Marc Randazza](#) .com, that [Marc Randazza](#) cannot see the forest for the trees. And in this Marc Randazza is making ALL Bloggers the Collateral Damage.

[Marc Randazza](#)'s ego is leading him around. Oh, and about the Greater Good, [Marc Randazza](#) told [Crystal Cox](#) he was impressed with her, me, for standing up for and even being willing to not file an appeal for the Greater Good if that's what he took. [Marc Randazza](#) told blogger [Crystal Cox](#) that it was very encouraging to hear that she would choose, to not appeal if that was best for lobby efforts and the good of all Bloggers and Citizen Journalists. And yet Marc Randazza, in a **pissing match** with [Blogger Crystal Cox](#) is now working against the First Amendment rights of all by working with the Plaintiff's Camp in Obsidian V. Cox, in order to set up Blogger Crystal Cox, and to throw a fit over a Domain name that he was not smart enough to buy, Marc Randazza .com .

Marc Randazza, does not seem to care who is guilty of what. All Marc Randazza can seem to see is red, because **Blogger Crystal Cox rejected him for being a controlling ass** and making deals behind her back and telling the WORLD that Marc Randazza represented Crystal Cox Blogger, when clearly he did not.

So in his rage, Marc Randazza has staged a Subpoena, even though he contacted the Plaintiff and offered himself up to teach Blogger Crystal Cox a Lesson. See, Marc Randazza is working with David Aman of Tonkon Torp in attempting **to silence blogger Crystal Cox** who is continuing to expose; Obsidian Finance Group, Tonkon Torp, PacifiCorp, Pacific Power, Obsidian Renewables, Pamela Griffith of the Department of Justice, Judge Randall Dunn, Perkins Coie Law Firm and Steven Hedberg, Sussman Shank Law Firm and Tom Stilley and Susan Ford, Miller Nash Law Firm, US Bankruptcy Code Violations in the Summit Bankruptcy, and events surrounding the Summit Accomodators Bankruptcy based out of Bend Oregon.

Ok So What Happened? How did I, Crystal Cox Blogger begin this pissing match with Marc Randazza, Porn Star Attorney Extraordinaire?

See, after my 2.5 Million Dollar Set Up to **"Attempt" to Hide the Secrets** of Obsidian Finance Group, Tonkon Torp and other Big Oregon Law Firms and Corporations, well, one of my Bloggers contacted Marc Randazza and I agreed to a 3 way conversation to interview Marc Randazza, and he had agreed with my Blogger to talk with me in the possibility of taking my case.

During this call Marc Randazza said that if he took the case he would need money for a certain amount of costs and that it would be an expensive case to file appeal. He said, in a case like this he would normally charge at least \$75,000. However, he was considering Pro Bono due to the Media attention I was getting, but even in that would need cost for copies and to be in a hotel in California for the appeal, if he or someone he recommended were to take the case.

Marc Randazza gave many signs during this call that **Marc Randazza** would most likely not represent me.

During this call Marc Randazza said he was concerned of the "record" and had to take a look at it before deciding. I said that was a responsible thing to do, he said he would look at my documents and get back to me, he did not get back to me, yet told others he represented me, more on that in a bit.

Marc Randazza told me on this call that I had **"made a mess,"** which I

found very slamming as what I do is for the Greater Good and what I was exposing was and is on the right side of the law and certainly on the right side of the Moral Compass. Marc Randazza saying this, let me know that **he had no idea** that what I did was a 'calling,' it was for massive change and a good thing to bring attention to this issue. Marc Randazza treated me as if I had made a "mess" and **with complete disrespect**. When in fact, I am creating "Media" and "Legal" attention to something that is VERY important for the Greater Good of ALL.

Marc Randazza said that he was concerned with **my "Journalistic Standards", SHOCKING isn't it, a Porn King Attorney representing folks that "Society" judges and Marc Randazza is judging and slamming my "Journalistic Standards"?** Anyway this disrespectful comment led me to believe that Marc Randazza seemed to have been eating up the bad information about me, this was another sign to me that Marc Randazza was not going to represent me.

I am an Investigative Blogger. And a Very Good ONE. For Over 3 years, I have read contracts, insider emails, legal briefs, documents, LLC Agreements, Legal Filings and I listened to Audio's of Court Sessions, watched videos of depositions and insider meetings and I interviewed, and yes took notes from the side of the Debtors, Investors, Creditors and more in the Summit Bankruptcy, deeper than any other news outlet. I have covered this story in depth and linked to lots of proof and documentation. The Media Bloggers Association should pay close attention, as what I was doing was exposing documents, and linking to those documents, and this is what most all bloggers do. The fact that I curse, Capitalize in Odd Places and have my own "Independent Style", well that make me legally "media" as well, and it does not change the Facts. I do what ALL good Investigative Bloggers, Alternative News and Citizen Journalists Do.

Big Media wants to shut me so they lie about me, and for some reason Marc Randazza ate up what Big Media said about me, even though it was NOT True. Marc Randazza did not care about my side. Marc Randazza simply ran me over with his personal opinions and agenda.

Marc Randazza told me that he used to work for Big Media but now he works for bloggers and porn stars, because Marc Randazza claimed that Big Media had the agenda of creating a Monopoly so they make more money. Yet NOW Marc Randazza is working with the Plaintiff in Obsidian V. Cox.

Marc Randazza told me that he would have to talk to his existing clients, such as The Media Association of Bloggers, to see if there was a conflict before deciding to represent me or not. Marc Randazza claimed he would get back to me on this. Instead, Marc Randazza contacted the Plaintiff's side and tried to cut a deal WITHOUT my consent, without "getting back to me" and without discussing if he represented me, wanted to represent me or if there was a Conflict. Meanwhile Marc Randazza, of The Media Bloggers Association (MBA) , told lots of people in the "business" that he represented Blogger Crystal Cox, yet that was NOT True. I had agreed to work with another Lawyer and this created a situation that caused me stress, and almost lost me the Lawyer I really wanted.

Did Marc Randazza have to "discuss" a conflict with the Media Bloggers Association (MBA) in any way BEFORE Marc Randazza called the Plaintiff's side and tried to work out a deal, as if he represented me? I was told at that time by other members of the First Amendment Bar that Marc Randazza was talking with the Plaintiff's side and trying to work out some arrangement regarding money, or a change to case law. I was Pro Se for a year and I wrote over 50 Court Filed Documents myself. I was and AM in the KNOW on my Case and Marc Randazza simply left me out, as if I had no brain, no rights and with total disrespect for me, Blogger Crystal Cox.

Marc Randazza simply and certainly unethically took it upon himself to contact the Plaintiff's side of Obsidian V. Cox, without my knowledge and without getting back to me on if he wanted to work with me or not, Marc Randazza simply left me hanging with time running out and was working behind my back on a deal. Is this Legal? Well it is certainly NOT Ethical and certainly shows no respect for bloggers nor the First Amendment Rights that Marc Randazza, Allegedly wants to protect.

Also on that first phone call Marc Randazza said he thought it was funny that the Plaintiff thinks they can get \$2.5 Million out of me, and now Marc Randazza has offered himself up to help them get any assets they think I have and ESPECIALLY that \$10 Domain Name, Marc Randazza .com, that dumb shit Marc Randazza NEVER Registered for himself. Marc Randazza is helping the Plaintiff to take Domain Names, which is my only way to make a living, and all in the name of "Constitutional Rights" What? This makes no sense and is NOT True.

Marc Randazza is Vindictive, plain and simply. He was not chosen in the BIGGEST case that the blogosphere has EVER seen regarding one blogger, and a case that will change laws and is already a world wide phenomena and that blogger, me, had the nerve to buy **Marc Randazza .com** and to even suggest that Marc Randazza hire her to do PR for him. **Marc Randazza is so mad that Marc Randazza is making ALL Bloggers the Collateral Damage of Marc Randazza's EGO.**

In one of Marc Randazza's last communications to me he said **"do you really want to make an enemy of me?"** Marc Randazza thinks that a blogger, a woman being smarter than him is making him an enemy.

So Marc Randazza is on a mission to teach **Blogger Crystal Cox** a lesson and be "Deposed" to rant about me to the Plaintiff to attempt to further quash my "Free Speech" and First Amendment Rights, and thereby affecting all BLOGGERS and Alternative Media Worldwide.

Marc Randazza told me that if I appeal it MAY create Bad Law and that maybe I should consider NOT appealing so that my case can be used to Lobby for others in changing laws. I was in agreement, and told Marc Randazza that I simply wanted advice from those surrounding the First Amendment Rights Issue and the First Amendment Bar, so that I could do what was best for all Bloggers, Citizens Journalists and the First Amendment Rights of All. Marc Randazza said he was very glad to hear that, and it made him want to work with me even more.

Marc Randazza said, if I take your case then my Ethical Duty is to you, yet Marc Randazza acted as if he had taken my case, without talking to me about it, and was already negotiating with the Plaintiff's side of **Obsidian Finance Group Vs. Blogger Crystal Cox.**

To me, Crystal Cox, this says that Marc Randazza was already acting as my attorney, and did have an Ethical Duty to me to not disclose my stance, emails, or private conversations with him. Yet Marc Randazza contacted the "Other" side to Negotiate, and that was in December. **Now Marc Randazza is using information I gave him** in a Deposition that Marc Randazza is giving the "Plaintiff" to attempt to put me in my place and to take a \$10 Domain Name that **Marc Randazza was not smart enough to buy**, and this, in my opinion, is an Ethical Breach, if not Plain Ol' Illegal.

Last December I found out that Marc Randazza was **Negotiating with the Plaintiff's Side** OF MY LEGAL CASE without my PERMISSION. I was told this by other members of the **First Amendment Bar** that wanted to represent me. **They had heard that Marc Randazza represented me** and even spoke with Marc Randazza, and he had flat out claimed to be representing me, yet Marc Randazza had not told me he was even still considering representing me, Blogger Crystal Cox. I was told by other Attorneys that I needed to let Marc Randazza know that he

did not represent me, because Marc Randazza was telling everybody that he did represent Blogger Crystal Cox on Appeal of Obsidian V. Cox (I have Emails and more to Prove this).

Marc Randazza has so little respect for potential clients that Marc Randazza simply does as

Marc Randazza pleases without his client's or potential client's knowledge.

Can I Sue Marc Randazza for trying to make a deal, acting as if he was my attorney without my consent? I certainly can file Bar Complaints in NV, CA, MA, FL, and AZ to Start.

Marc Randazza is now part of a Witch Hunt to discredit blogger Crystal Cox, in effort to protect Big Corporations such as Obsidian Finance Group, Pacific Power, Government Oversight people such as Judge Randall Dunn and Pamela Griffith of the Department of Justice and Law Firms such as Tonkon Torp, Sussman Shank and Perkins Coie.

Marc Randazza is sacrificing the Free Speech rights of ALL in Marc Randazza's own personal Ego trip over a blogger that bought Marc Randazza .com. Marc Randazza is NOT a man for the rights of Free Speech. Marc Randazza is a man for the personal EGO Trip of Marc Randazza.

So how is Marc Randazza working with the "Bad Guys" and on the Opposite Side of Free Speech?

Marc Randazza is helping the Plaintiff to set me up. Marc Randazza is pretending to be under subpoena and pretending to have no choice, but the truth is that Marc Randazza called the Plaintiff, and Marc Randazza initiated dealing with them against me because his EGO is bent that I did not CHOOSE him and I bought Marc Randazza .com. Marc Randazza is even flying to Portland to be deposed at the Tonkon Torp Law Firm. Gee I wonder whose dime this is on? And all this because they want to Silence a Blogger Exposing Corruption and to spite a Pro Se Defendant who went with a different lawyer and bought the whiny baby's name as a dotcom.

Marc Randazza is on an Ego Trip and it affects all Bloggers, yet Marc Randazza acts as if he works for the best interest of Bloggers and for the best interest of the Media Bloggers Association (MBA) .

Marc Randazza does not work for the best interest of Bloggers, nor of the Best interest of the First Amendmant. Marc Randazza is on an Ego trip for Marc Randazza and so in creating a war over a domain name that he was too dumb to buy and in being pissed off because I told him I did not want him to represent me, well now Marc Randazza is working directly against the Free Speech and First Amendment Rights of All Bloggers.

So Who Is Marc Randazza ?

Marc Randazza , Marc John Randazza of Randazza Legal Group with offices Miami, Phoenix & Toronto. Marc Randazza is an Attorney Licensed in Arizona, Nevada, California, Massachusetts, and Florida.

Marc Randazza claims to fight for the First Amendment rights of all. Marc Randazza is an Attorney specializing in protecting porn and online

gambling (http://en.wikipedia.org/wiki/Marc_Randazza)

According to wikipedia.org, Marc Randazza's first case was representing a fraternity at Boston University, when the brothers of that fraternity were accused of destroying a house they had rented and accused of other misconduct. Marc Randazza then began practicing in Florida as a real estate attorney. Marc Randazza seems to have started right out working for the wrong side of the law and certainly the wrong side of the law in representing drunken fraternity brother's who seem to have destroyed some one's property.

Marc Randazza, according to wikipedia, "Soon thereafter, moved to Orlando, Florida where his practice in First Amendment and media law expanded. He started representing defendants in SLAPP suits, pornography businesses, and protesters, in often unpopular constitutional law matters." Marc Randazza seems to have started right out of the gate on his First Amendment Soap Box defending those seemingly on the wrong side of the law and the wrong side of the moral compass. Yet Marc Randazza slams me for "Journalistic Standards" and works directly against a blogger whom he had acted as if he once worked for in this same manner. Geez, WHAT a Mess Ol' Marc Randazza has made of all this.

Marc Randazza is a Public Figure, indeed having been in debates on Fox news and other television and having worked for Big Media as Marc Randazza told me. So why are there not more bloggers EXPOSING Marc Randazza ? Well I guess, Marc Randazza really was for blogger's rights, until he got all BENT over Blogger Crystal Cox and decided to be part of taking down the Free Speech Rights for ALL Bloggers.

According to wikipedia, ""Randazza has a practice that primarily focuses on the areas of First Amendment litigation, adult entertainment, trademark and copyright litigation, and domain name arbitration disputes." So you see Marc Randazza, has to save face and punish me somehow because I am Smarter than Marc Randazza. Marc Randazza represented people in WIPO cases yet claims he does not care about my WIPO case with Proskauer Rose Law Firm out of New York, in which I Legally won the right to own the names in dispute. This is a case precedence of my Legal Right to buy Marc Randazza .com, and though Marc Randazza is some big deal in Domain Name Arbitration, Marc Randazza did not have the Brains to buy Marc Randazza dotcom.

WOW, guess all that PORN has fried ol' Marc Randazza's brain so he has now teamed up with the Evil David Aman of Tonkon Torp who, along with his "Plaintiff" Kevin Padrick was involved in the Summit Bankruptcy Scandal and named in the Objection to Fees in the Summit Bankruptcy in which several insiders filed to Object to the Massive Conflicts of Interest and Outrageous Fees involving Tonkon Torp Law Firm and Kevin Padrick

More on that at the Link Below for Now (if Links are Broken due to stolen Domain Names, email me at SawyBroker@Yahoo.com for a copy of the Objection to Fees in Summit and in the Homestreet Bank Scandal involving Kevin Padrick of Obsidian Finance Group, as well as other documents of those who really do and have had issue with Obsidian and Kevin Padrick)

<http://www.objectiontofees.com/>

Sure must be a low blow to the Massive Ego of Marc Randazza to have been trumped by a blogger, and a Woman. Marc Randazza is one of those classic examples of Attorneys who simply shut you up and toss you in the back seat of a legal case as if he is smarter and can handle it, which obviously Marc Randazza is not smarter then blogger Crystal Cox even if Marc Randazza is conspiring to set up Blogger Crystal Cox to protect his Ego.

According to wikipedia Marc Randazza serves as General Counsel to Corbin Fisher, who apparently is smart enough to own their dotcom, careful though there is a warning on the home page of naked men engaging in sex acts. Guess I better not buy CorbinFisherSucks.com, though it sounds like a fun name to have, but it seems that Corbin Fisher (an Adult Media Company) is a smart company owning their own dotcom and all. Too bad Corbin Fisher's general counsel Dickhead Marc Randazza was not so smart. I think Blogger "Crystal Cox" would make a much better General Counsel for Corbin Fisher, don't You?

According to wikipedia, Marc Randazza has "represented a number of well-known adult entertainment companies including Kink.com, Bang Bus, and Milf Hunter. He also represents media businesses such as BME and bloggers in SLAPP suits." So the Pom King Attorney Mark Randazza is all for Freedom of Speech, ... well EVERYTHING, except a Woman Being Smarter than Him and buying a dotcom of MarcRandazza.com. Marc Randazza can't have that, so he is off to Portland to a Deposition of the Asset's of Crystal Cox in order to conspire to set up Blogger Crystal Cox and teach her, me a lesson for being SMARTER than Ego Maniac Marc Randazza.

Maybe his buddy David Aman will Take the Domain Name Marc Randazza .com, which I bought after my Judgement and Maybe David Aman, attorney for Obsidian Finance Group, will simply GIVE the domain name Marc Randazza .com to Marc Randazza then he can STOP Crying over it.

Marc Randazza represented Anthony Ciolli. What was the Anthony Ciolli case Really About? Postings on a blog about people? Defamation, Harassment? Was there behind the scenes maneuvering to get parties in the lawsuit to back off? What Really Happened? Got a Tip? Crystal@CrystalCox.com

Though Marc Randazza tells me he don't care about WIPO, yes Marc Randazza actually said that in an email to Blogger Crystal Cox, anyway, According to wikipedia, Marc Randazza "has represented the defendant in Beck v. Eiland-Hall, a case before the World Intellectual Property Organization (WIPO) filed by political commentator Glenn Beck, ...The WIPO arbitrator ruled against Beck in the case, and in favor of Randazza's client." Yet when I told Marc Randazza that I had represented myself in a WIPO case over an Attorney's name and won, he said he did not care. Yet it sure seems that Marc Randazza is proud of his WIPO case win, in my opinion, of course.

SO what was the Beck V. Eiland-Hall case, and just what was Marc Randazza defending as a Free Speech right? Well the Domain name in that dispute was, (www.GlennBeckRapedAndMurderedAYoungGirlIn1990.com") .

Marc Randazza says I have no right to own a domain name that corresponds to his name, Geez Marc Randazza did not think that in this domain name (www.GlennBeckRapedAndMurderedAYoungGirlIn1990.com") I Guess that is just those double standards of Mr. Marc Randazza popping up again.

So Marc Randazza fought for the right for his client to own the domain name, "www.GlennBeckRapedAndMurderedAYoungGirlIn1990.com" - as you see at this link http://en.wikinews.org/wiki/US_free_speech_lawyer_Marc_Randazza_discusses_Glenn_Beck_parody

Hypocrite Marc Randazza thinks it is OK for his client to buy and own a sick domain name such as that, that accuses a man of rape and murder, but it is not OK for me to own Marc Randazza .com. Seems a bit of a double standard, don't you think? It is not ok to own that kind of a domain

name, it is sick, it accuses a man of rape and murder and yet is defended by Marc Randazza. That site seems to be gone now, so what happened, who bought it? What was the "pay off," the circumstance? Got a Tip? SawyBrokerer@Yahoo.com

Marc Randazza knows all about WIPO, and Copyrights, and Intellectual Property so why not just take the Domain Name? **Why get on the Bandwagon of the Plaintiff in Obsidian V. Cox to Stomp on the Free Speech Rights of All Citizen Journalists** and to deliberately STOMP on the First Amendment Rights of every United States Citizen who my case, Obsidian V. Cox now represents in Free Speech Issues? You see if Asshole Marc Randazza had a Right to take the Domain Name then he would right? So why work with the "Bad Guys" to steal the name, because he wants to make a point and steal the Domain Name he was not smart enough to buy. And all with the Collateral Damage of the Rights of Free Speech of Every Blogger World Wide, and of the First Amendment Rights of Everyone, Period?

Marc Randazza thinks, as you will see in the emails, that I should have asked him before I bought Marc Randazza Dotcom, gee did his client ask Glen Beck if they could buy "[GlennBeckRapedAndMurderedAYoungGirlIn1990.com](#)" ? I bet NOT.

Marc Randazza is simply pissed off at a Woman who did not want to let him represent her, ME, even For Free, because he was an arrogant aggressive ass to me and because he went behind my back making deals BEFORE I even agreed to be his client. I have more respect for myself than to let a BULLY, Lying, Thug Such as Marc Randazza represent me, even if for FREE.

Marc Randazza is so mad at me for not choosing him, and at me, Blogger Crystal Cox for buying the Asshole's name as a dotcom, that **Marc Randazza is making the World his Collateral Damage** in a Marc Randazza pissing match with Blogger Crystal Cox.

Thing is, no matter what you Pricks set me up for, **the TRUTH remains to be the TRUTH**, the Criminal in all this REMAINS to be the Criminal, Kevin Padrick remains to be suspect of White Collar Crimes, and all those involved in the Summit Bankruptcy Scandal will remain to have been involved, and your foul play, ethics violations and double standards will one day bite you in the ASS. As the TRUTH has a way of rising to the TOP. I have Faith.

Marc Randazza is all for Free Speech and First Amendment Rights, but only in his selfish, immoral world of what Free Speech is and that does not seem to include citizen journalists exposing corruption or Internet Marketers who are Smarter then Marc Randazza and buy his dotcom.

Marc Randazza obviously needs Internet Marketing help, so I offered it to him as I do everyone I can. It's what I do, I would like to make money at it. Marc Randazz has his panties so wound up around his you know what, he just can't think. So instead of defending the First Amendment and those trying to expose corruption, Marc Randazza contacts the Plaintiff to work against the Pro Se First Amendment Defendant and on the Opposite Side of First Amendment Rights. And why? Because I bought MarcRandazza.com and he was too dumb to buy it so now he wants to conspire to silence me.

Does Marc Randazza know that David Aman is alleged to be under an FBI Investigation over his connection to a man in Montana who tried to intimidate me to get me to take David Aman's "Settlement Communication" which offered me a deal, if I commit a crime " and just swear that people committed a crime that they did not, well then he would generously let me out of a 10 Million Dollar Lawsuit, **is this Legal?**

See That Post Here

<http://www.crystalcox.com/2012/03/david-aman-attorney-for-plaintiff-kevin.html>

And if you want to order the hearing transcript of the alleged FBI Investigation that hearing is called "Motion to Exclude Sean Boushie," it is a matter of court record.

So what ever happens in the **WAR** between Crystal Cox (not a Porn Star) and **Marc Randazza, First Amendment Attorney** fighting for the rights of Porn Stars, and other Adult Entertainment First Amendment rights . . . well whatever happens, my intention on my first talk with Marc Randazza was to listen with an open mind, in the possibility of Marc Randazza representing me, and buying MarcRandazza.com, well that is just what I do, I buy the names of those who are part of stories that I come across or involve me. The domain name was available, and so I bought it. I am for hire for PR, and Search Engine Marketing, I offer that service.

Marc Randazza is a bully, and is now working with the Plaintiff in Obsidian Vs. Cox as Marc Randazza does not believe I have a legal right to own or to have bought MarcRandazza.com, a domain name which you would think of Marc Randazza would have owned long ago.

So why hasn't Marc Randazza simply **filed a WIPO complaint** if Marc Randazza has the legal right to own Marc Randazza .com ? Well you see it seems like more fun and more **vindictive for Marc Randazza to work on the opposite side of Free Speech and First Amendment Rights** and instead set up blogger Crystal Cox with his Good Ol' Buddies at Tonkon Torp and Obsidian Finance Group in which Marc Randazza attempted to make a deal with them, financially on my behalf BEHIND MY Back and when he did not represent me.

Yes, I am under the impression that back in December, **Marc Randazza contacted the Plaintiff to make a deal on my behalf for them to change the judgement** so it would not affect the Porn Industry Free Speech, and this was to be in my best interest. And I was told that at that same time Marc Randazza claimed to many in the First Amendment Bar, that he represented me, and yet **Marc Randazza** had not told me, the "Alleged" Client. In my Opinion, based on my personal experience I do not recommend nor trust Marc Randazza.

Marc Randazza, seems to me to work on **the OPPOSITE side of Free Speech** in order to teach a female investigative blogger a lesson for being smarter than him.

Marc Randazza was not offered the chance to buy Marc Randazza .com, NO WAY. He will only get the name if he files a WIPO complaint, or sucks up to Plaintiff Kevin Padrick and his Attorney David Aman, if they seize the Domain Name and give it to **Marc Randazza** in some deal possibly made to set up, to silence blogger Crystal Cox for exposing; Tonkon Torp Law Firm, Obsidian Finance Group and their connections to Oregon Solar Credits, PacifiCorp, Pacific Power, Judge Randall Dunn, Blue Heron Paper Company, Dept. of Justice Pamela Griffith, Perkins Coie Steven Hedberg, Sussman Shank Susan Ford and Tom Stilley, Miller Nash, Bonneville Power, Lake County Oregon Commissioners, the Bend Oregon D.A. Office.

Marc Randazza claims to be a Copyright Expert, so if there is a Legal Reason that Marc Randazza should get to own Marc Randazza .com that Marc Randazza was to dumb to buy, then why doesn't big shot Domain Name Arbitration Lawyer Marc Randazza, simply TAKE Marc Randazza .com by force instead of working in the dark, in back alleys and side deals with **the Plaintiff in Obsidian V. Cox**, which is looking to be the biggest case of Free Speech For Bloggers that the Blogosphere has ever seen in quite this way?

And if it is NOT Legal to buy Marc Randazza .com if I am not Marc Randazza, then why in the world is it Legal for Godaddy to Sell the Domain Name **Marc Randazza .com**?

So **Liars, Thugs and Thieves**, Sue Me, Set Me Up, Do what ever makes you feel better and sleep best at night. Punish me for being Smarter than you are. Still **the Truth Remains the Truth**, and even if you set me up from some jail time, you are still an asshole and you were still not smart enough to register your own name as dotcom. Enjoy the Game you're Playing with the First Amendment Rights of the Entire World.

**You Know Your TRUTH and I know mine.
I Let Go, Let God. It will be What it will be.**

Gee I hope that **Randazza Legal Group** owns Randazza Legal Group .com, as I won a WIPO Case for ProskauerLawFirm.com, you know what WIPO is, right Asshole?

Stay Tuned for **Crystal Cox Vs. Marc Randazza Part 2** as the Pissing Match Continues. The next Part will have emails between **Marc Randazza and Crystal Cox Blogger** and explanations of communications from my point of view, of course. This will also include my Email to Marc Randazza rejecting him in representing me because **Marc Randazza is an arrogant Ass and was disrespectful to me.**
