

For the Period 3/1/17 to 3/31/17

You should have received (or have made available to you) separate confirmations for each securities transaction. All transactions are subject to the terms and conditions stated on the reverse side of such confirmations and are subject to the constitution, by-laws, customs and interpretations of the marketplace where executed and governed by and construed in accordance with the laws of the State of New York and all applicable federal laws and regulations. Further information with respect to commissions and other charges related to the execution of transactions, including options transactions, has been included in confirmations that were previously furnished or have made available to you. Upon written request, JPMS will promptly supply you with the latest information.

IRA Account Withholding Notice

IRA withdrawals you are currently receiving, or plan on receiving in the future, are subject to Federal Income Tax Withholding at a mandatory rate of 10%, unless you elect not to have withholding apply, or you elect to withhold at a rate greater than 10%. You may also be subject to State Withholding. Your existing elections for recurring payments, if any, remain in effect unless you change them in writing. You may revoke or change your elections at any time by obtaining and completing a J.P. Morgan IRA Withdrawal Request. This form is available from your Client Service Team listed in your statement. U.S. citizens or resident aliens may not opt out of the 10% mandatory withholding on any distributions delivered outside the U.S. or its possessions. If you elect not to have taxes withheld you will be liable for all taxes due on the taxable portion of your distribution. Further, if you elect not to have withholding apply to your distribution payments or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may be liable for penalties and interest related to underpayment of estimated taxes if withholding and estimated tax payments are not sufficient. You are encouraged to contact your tax advisor to discuss your withdrawal options and how your withholding elections might affect your personal taxation.

IMPORTANT INFORMATION ABOUT REQUIRED MINIMUM DISTRIBUTIONS

The IRS generally requires that you must begin taking withdrawals from your Traditional IRA, SIMPLE IRA, or SEP IRA when you reach age 70½. Your required minimum distribution ("RMD") is the minimum amount you must withdraw from your account each year.

If an RMD amount is provided in your Retirement Contribution and Distribution Summary it is because our records indicate that you may have an RMD obligation for the current year. The RMD amount reflected in your Summary does not take into account other IRAs you may have, any rollovers, transfers, or failed conversions outstanding at year end, and any positions held in your account that are pending an update to their valuation. Please refer to the RMD letter included in your tax information package (sent each year by January 31) for additional information on your RMD amount.

If an RMD amount is not provided in your Retirement Contribution and Distribution Summary it may be because we are not required to provide RMD amount information or our records do not indicate that you have an RMD for the current year. Please note that we are not obligated to provide an RMD amount for IRAs containing assets received by a beneficiary from an original IRA owner (i.e., for "Inherited IRAs"). However, we may under certain circumstances and as an accommodation provide an RMD amount for Inherited IRAs. In addition, the RMD amount will not be given if your IRA (1) is a Roth IRA of an original IRA owner because the IRS does not require an RMD to be taken from these types of accounts during the lifetime of the original owner, (2) is a traditional IRA and our records indicate that the original owner has not yet reached age 70 ½, (3) is a traditional or Roth IRA and the original owner passed away in a previous year and the assets have not yet been distributed to the beneficiaries, (4) contains assets received by a trust beneficiary from an original IRA owner (i.e., "Inherited Trust IRAs"), or (5) did not have JPMorgan Chase Bank, N.A. as IRA custodian on the last business day of the prior year (i.e., the account was opened during the current calendar year). If JPMorgan Chase Bank, N.A. was not your IRA custodian on the last business day of the prior year, even though you may be required to take an RMD, we are not able to calculate your RMD without additional information from you. We will, however, calculate your RMD upon request.

Please refer to your copy of Form 5498 for information submitted to the Internal Revenue Service by JPMorgan Chase Bank, N.A., as custodian, of your IRA, including information about contributions, required minimum distributions, and the fair market value of the account. You are ultimately responsible for determining your RMD amount each year and for ensuring that you satisfy it, including, if applicable, whether to satisfy the RMD with distributions from multiple IRAs. Failure to satisfy your RMD can result in an IRS excess accumulation penalty of 50% of the amount not taken as required. For more information on RMDs you may wish to consult with a tax advisor and refer to IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs), a copy of which can be obtained by calling 1-800-TAX-FORM, or by visiting www.irs.gov.

If you have any additional questions about your RMD, please contact your J.P. Morgan representative.

Upon your request, we may inform you whether we have obtained any such reports and, if we have, we will inform you of the name and address of the reporting agency that furnished the reports to us. Any credit reports that we receive will be deemed to have been obtained by each Morgan Affiliate for its own benefit.

CERTIFICATES OF DEPOSIT

The section titled “Specific Terms for Certificates of Deposit” in the General Account Terms and Conditions of the Deposit Account Agreement of both the Combined Terms and Conditions and the International Combined Terms and Conditions shall be replaced in its entirety by the following:

The standard minimum deposit amount to open a U.S. dollar-denominated Certificate of Deposit (“CD”) is \$1,000. The maturity date is the last day of your CD’s term. By opening your CD, you have agreed to keep the amount deposited (principal) for the agreed upon stated term. The CD terms set forth herein, in any CD confirmation and interest rate disclosure, including the Annual Percentage Yield (“APY”), shall apply during the entire term of the CD. In the event of a conflict between the CD terms set forth herein and the terms disclosed in any CD confirmation or renewal notice, the terms in the CD confirmation or renewal notice shall prevail. If your CD is automatically renewable, and has a maturity of longer than one month, the Bank may change any provision of these terms for successive renewal periods (the interest rate and the APY may be modified pursuant to the Maturity Conditions section below) with at least 30 days written notice prior to the maturity date of the existing CD or at least 20 days before the end of the 10-day grace period. The Bank may change these terms at any time for a CD with a maturity of one month or less.

Grace Period. The grace period is the 10 days after the maturity date for CDs with a term of 14 days or longer. A grace period of 5 days applies to CDs with a term of 7 to 13 days. On the maturity date or during the grace period, you can change the term of your CD, make additional deposits, or withdraw your CD principal without paying an early withdrawal penalty.

Interest Calculation Method. Interest for CDs may be compounded daily or monthly, and computed on a 360- or 365-day basis, using the daily balance method. This method applies a periodic rate each day to the balance in the CD. Interest begins to accrue on the business day of your deposit up to (but not including) the maturity date. The interest rate and APY applicable to your CD on

the date the CD is opened will be set forth on a separate "rate sheet" or other interest rate disclosure provided to you when your CD is opened. That interest rate disclosure is considered part of these terms. The APY assumes interest will remain on deposit until maturity. On maturities of more than one year, interest will be paid at least annually, and the amount(s) paid will be reported to the IRS each calendar year. A withdrawal will reduce these earnings.

Maturity Conditions. For automatically renewable CDs, your CD will automatically renew for the same time period as the initial term, and thereafter for successive like periods of time, unless we notify you otherwise or you change or close your account. Once your CD renews, any reference to the maturity date means the last day of the new term. For the renewal term, your CD will earn interest at the rate then in effect on the renewal date for like CDs. Withdrawals made during the grace period are not subject to early withdrawal penalties described below. If your CD is closed during the grace period, it will not earn interest on or after the maturity date.

For single maturity CDs, your CD will not automatically renew on the maturity date. No interest is earned or paid on or after the maturity date.

Withdrawing Interest. You may choose to withdraw any paid or credited interest without penalty during your CD's term or at maturity. After the maturity date and grace period, interest will become principal of the renewed CD.

Early Withdrawal Penalties. There is a penalty for withdrawing principal prior to the maturity date. If the term of the CD is less than 24 months, the early withdrawal penalty is 1% of the amount withdrawn, but not more than the total amount of interest earned during the current term of the CD. For terms 24 months or more, the early withdrawal penalty is 2% of the amount withdrawn, but not more than the total amount of interest earned during the current term of the CD. CDs in the amount of \$25,000,000 or greater are subject to a 1% early withdrawal penalty. The amount of your penalty will be deducted from principal. If the withdrawal occurs less than seven (7) days after account opening or a previous withdrawal of principal, the amount of the early withdrawal penalty will be calculated as we described above, but it cannot be less than 7 days' interest. The amount of your penalty will be deducted from principal.

Early withdrawal penalties will be waived under the following circumstances:

- Death of a CD owner or a grantor of a revocable family/living trust;
- Court determination that a CD owner is incompetent;
- Re-titling of a CD to transfer ownership of funds into a living trust without moving funds from the Bank and where no change in term or rate occurs.

We will also waive early withdrawal penalties under the circumstance described below. However, if the withdrawal occurs less than 7 days after the account was opened or previous withdrawal was made, the early withdrawal penalty will apply:

- Disability of a CD owner.

Record Retention. We shall abide by federal and applicable state record retention laws and may dispose of any records that have been retained or preserved for the period set forth in these laws. Any action by or against us based on, or the determination of which would depend on, the contents of records for which a period of retention or preservation is set forth in these laws shall be brought within the time for which the record must be retained or preserved, unless applicable law provides a shorter limitation period. Any action against us on an automatically renewable CD must be brought within the retention period applicable to that CD based on the stated maturity date in the most recent record evidencing the existence and term of the CD.

The sections titled "Certificates of Deposit" and "Record Retention" in the General Account Terms and Conditions of the Deposit Account Agreement of both the Combined Terms and Conditions and the International Combined Terms and Conditions shall be deleted.

The section titled "Change in Account Agreement" in the General Account Terms and Conditions of the Deposit Account Agreement of both the Combined Terms and Conditions and the International Combined Terms and Conditions shall be revised to read as follows:

We may change the terms of this Agreement, including any fees or features of your Account, upon notice sent to you at least 30 calendar days prior to the

effective date of the change; provided, however, for automatically renewable CDs with a maturity of longer than one month, no such change shall be effective prior to the renewal date, and such notice may be provided with 20 days' written notice prior to the end of the 10-day grace period. You agree that such notice may be provided to any joint account owner. By maintaining your Account after the effective date of any change, you agree to be bound by the changes. No notice is required for changes in the interest rate and corresponding changes in the annual percentage yield for variable rate accounts, for changes in terms of a CD with a maturity of one month or less, or for changes in fees for document printing.

STOP PAYMENT RENEWAL DISCONTINUATION

The third paragraph of the section titled "Stop Payments" in the General Account Terms and Conditions of the Deposit Account Agreement of both the Combined Terms and Conditions and the International Combined Terms and Conditions shall be revised to read as follows:

For personal Accounts, an oral or written stop payment order is effective for 180 days, and may not be extended. However, you may place an additional stop payment order at any time, in which case such order shall replace the prior instruction, and shall be effective for 180 days from the day such additional order was placed. We will not send a confirmation of your stop payment order. For business Accounts, an oral or written stop payment may be placed for two lengths of time. You may place a stop payment order to be effective for 180 calendar days, or you may place a stop payment order to be effective for one year and then renewable annually, at your choice, for six additional years. We may send you a written confirmation of your stop payment order. If any of the information on the confirmation is incorrect, you must notify us within the time period stated on the confirmation. If you do not do so, the information will be presumed to be correct. You will receive a 60- to 90-day advance notification of stop payments scheduled for renewal on your business Account statement. You may request at that time to discontinue the renewal of a stop payment via your online channel, by calling the number on your statement, or by contacting your J.P. Morgan representative. For personal and business Accounts, when the effective period of the stop payment order expires, we have no duty or obligation to notify you before we pay the item.

eATM LIMIT CLARIFICATIONS

The provision numbered "(2)" in the section titled "Limitations on Transfers, Amounts, and Frequency of Transactions" in the "Electronic Funds Transfer Services" section of the Deposit Accounts and Services Offered by JPMorgan Chase Bank, N.A. in both the Combined Terms and Conditions and the International Combined Terms and Conditions shall be replaced in its entirety by the following:

We provided you with your daily card limits for ATM withdrawals and Point-of-Sale transactions when we gave you your Card. However, your ATM withdrawal limits may be different depending on which type of ATM you use and when. When you use a Chase ATM that is not a Staffed ATM or an Enhanced ATM, or when you use a non-Chase ATM, you can withdraw up to the daily card withdrawal limit of the card you are using. Withdrawals using other cards will not count toward that card's daily withdrawal limit. The default daily card withdrawal limit is \$2,009.

- When you use an Enhanced ATM, the following limitations apply:
 - For personal accounts: All withdrawals made with any of your ATM, debit or prepaid cards count toward every card's daily withdrawal limit.
 - For business accounts: All withdrawals made with any cardholder's ATM or debit cards for the same business count toward every card's daily withdrawal limit.
- When you use a Staffed ATM, the following limitations apply and are separate from all other limits:
 - For personal accounts: You can withdraw up to \$3,000 each day. This separate limit does not apply to a Privileges card.
 - For business accounts: Each cardholder can withdraw up to \$3,000 each day from all linked accounts of each business. This separate limit does not apply to an Associate card.

For your convenience we have combined statement(s) for activity you conduct through J.P. Morgan in one package. Below are important disclosures relating to these different accounts. These statements may relate to various account types. Some of the disclosures are applicable to all of your accounts. For ease of reference the disclosures applicable to a particular type of account have been grouped together by descriptive headers.

IMPORTANT GENERAL INFORMATION APPLICABLE TO ALL OF YOUR ACCOUNT(S)

Important Information about Pricing, Valuations, Estimated Annual Income, and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for the exclusive use of the client.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Important information regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. When J.P. Morgan is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate "unpriced".

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

In cases where we are unable to obtain a current market value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced". Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced".

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

To the extent applicable, please note the following regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

For the Period 4/1/17 to 4/30/17

Offshore Deposits

Non-U.S. dollar funds are held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") branches outside of the United States ("Foreign Accounts"), in addition to any funds you have elected to be held in Foreign Accounts. Deposits in Foreign Accounts are not insured by the FDIC or any other Agency of the U.S. Federal Government, are subject to cross-border risk, and do not have the benefit of any domestic preference applicable to U.S. deposits. Certain Foreign Accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Accounts (TD F90-22.1). Funds held in certain Foreign Accounts may be eligible for protections afforded by the United Kingdom's deposit guarantee program, the Financial Services Compensation Scheme ("FSCS"). If insolvency of JPMCB should occur, eligible deposits in your account that are held at the London Branch of JPMCB may be repaid up to a specified amount by the FSCS. You can find more information about FSCS deposit protection and a list of deposits excluded from, and thus not eligible for, protection at www.jpmorgan.com/pages/deposit-guarantee-scheme-directive.

IRA Account Withholding Notice

IRA withdrawals you are currently receiving, or plan on receiving in the future, are subject to Federal Income Tax Withholding at a mandatory rate of 10%, unless you elect not to have withholding apply, or you elect to withhold at a rate greater than 10%. You may also be subject to State Withholding. Your existing elections for recurring payments, if any, remain in effect unless you change them in writing. You may revoke or change your elections at any time by obtaining and completing a J.P. Morgan IRA Withdrawal Request. This form is available from your Client Service Team listed in your statement. U.S. citizens or resident aliens may not opt out of the 10% mandatory withholding on any distributions delivered outside the U.S. or its possessions. If you elect not to have taxes withheld you will be liable for all taxes due on the taxable portion of your distribution. Further, if you elect not to have withholding apply to your distribution payments or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may be liable for penalties and interest related to underpayment of estimated taxes if withholding and estimated tax payments are not sufficient. You are encouraged to contact your tax advisor to discuss your withdrawal options and how your withholding elections might affect your personal taxation.

IMPORTANT INFORMATION ABOUT REQUIRED MINIMUM DISTRIBUTIONS

The IRS generally requires that you must begin taking withdrawals from your Traditional IRA, SIMPLE IRA, or SEP IRA when you reach age 70½. Your required minimum distribution ("RMD") is the minimum amount you must withdraw from your account each year.

If an RMD amount is provided in your Retirement Contribution and Distribution Summary it is because our records indicate that you may have an RMD obligation for the current year. The RMD amount reflected in your Summary does not take into account other IRAs you may have, any rollovers, transfers, or failed conversions outstanding at year end, and any positions held in your account that are pending an update to their valuation. Please refer to the RMD letter included in your tax information package (sent each year by January 31) for additional information on your RMD amount.

If an RMD amount is not provided in your Retirement Contribution and Distribution Summary it may be because we are not required to provide RMD amount information or our records do not indicate that you have an RMD for the current year. Please note that we are not obligated to provide an RMD amount for IRAs containing assets received by a beneficiary from an original IRA owner (i.e., for "Inherited IRAs"). However, we may under certain circumstances and as an accommodation provide an RMD amount for Inherited IRAs. In addition, the RMD amount will not be given if your IRA (1) is a Roth IRA of an original IRA owner because the IRS does not require an RMD to be taken from these types of accounts during the lifetime of the original owner, (2) is a traditional IRA and our records indicate that the original owner has not yet reached age 70 ½, (3) is a traditional or Roth IRA and the original owner passed away in a previous year and the assets have not yet been distributed to the beneficiaries, (4) contains assets received by a trust beneficiary from an original IRA owner (i.e., "Inherited Trust IRAs"), or (5) did not have JPMorgan Chase Bank, N.A. as IRA custodian on the last business day of the prior year (i.e., the account was opened during the current calendar year). If JPMorgan Chase Bank, N.A. was not your IRA custodian on the last business day of the prior year, even though you may be required to take an RMD, we are not able to calculate your RMD without additional information from you. We will, however, calculate your RMD upon request.

Please refer to your copy of Form 5498 for information submitted to the Internal Revenue Service by JPMorgan Chase Bank, N.A., as custodian, of your IRA, including information about contributions, required minimum distributions, and the fair market value of the account. You are ultimately responsible for determining your RMD amount each year and for ensuring that you satisfy it, including, if applicable, whether to satisfy the RMD with distributions from multiple IRAs. Failure to satisfy your RMD can result in an IRS excess accumulation penalty of 50% of the amount not taken as required. For more information on RMDs you may wish to consult with a tax advisor and refer to IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs), a copy of which can be obtained by calling 1-800-TAX-FORM, or by visiting www.irs.gov.

If you have any additional questions about your RMD, please contact your J.P. Morgan representative.

For your convenience we have combined statement(s) for activity you conduct through J.P. Morgan in one package. Below are important disclosures relating to these different accounts. These statements may relate to various account types. Some of the disclosures are applicable to all of your accounts. For ease of reference the disclosures applicable to a particular type of account have been grouped together by descriptive headers.

IMPORTANT GENERAL INFORMATION APPLICABLE TO ALL OF YOUR ACCOUNT(S)

Important Information about Pricing, Valuations, Estimated Annual Income, and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for the exclusive use of the client.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Important information regarding Auction Rate Securities (ARS). ARS are debt or preferred securities with an interest or dividend rate reset periodically in an auction. Although there may be daily, weekly and monthly resets, there is no guarantee that there will be liquidity. If there are not enough bids at an auction to redeem the securities available for sale, the result may be a failed auction. In the event of a failed auction, there is no assurance that a secondary market will develop or that the security will trade at par or any other price reflected on statements and online. Accordingly, investors should not rely on pricing information appearing in their statements or online with respect to ARS. When J.P. Morgan is unable to obtain a price from an internal or outside source for a particular ARS, the price column on your statement will indicate "unpriced".

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

In cases where we are unable to obtain a current market value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced". Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced".

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

To the extent applicable, please note the following regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.

For the Period 5/1/17 to 5/31/17

Offshore Deposits

Non-U.S. dollar funds are held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") branches outside of the United States ("Foreign Accounts"), in addition to any funds you have elected to be held in Foreign Accounts. Deposits in Foreign Accounts are not insured by the FDIC or any other Agency of the U.S. Federal Government, are subject to cross-border risk, and do not have the benefit of any domestic preference applicable to U.S. deposits. Certain Foreign Accounts are considered reportable to the Internal Revenue Service on a Report of Foreign Bank and Financial Accounts (TD F90-22.1). Funds held in certain Foreign Accounts may be eligible for protections afforded by the United Kingdom's deposit guarantee program, the Financial Services Compensation Scheme ("FSCS"). If insolvency of JPMCB should occur, eligible deposits in your account that are held at the London Branch of JPMCB may be repaid up to a specified amount by the FSCS. You can find more information about FSCS deposit protection and a list of deposits excluded from, and thus not eligible for, protection at www.jpmorgan.com/pages/deposit-guarantee-scheme-directive.

Further, if you elect not to have withholding apply to your distribution payments or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may be liable for penalties and interest related to underpayment of estimated taxes if withholding and estimated tax payments are not sufficient. You are encouraged to contact your tax advisor to discuss your withdrawal options and how your withholding elections might affect your personal taxation.

IMPORTANT INFORMATION ABOUT REQUIRED MINIMUM DISTRIBUTIONS

The IRS generally requires that you must begin taking withdrawals from your Traditional IRA, SIMPLE IRA, or SEP IRA when you reach age 70½. Your required minimum distribution ("RMD") is the minimum amount you must withdraw from your account each year.

If an RMD amount is provided in your Retirement Contribution and Distribution Summary it is because our records indicate that you may have an RMD obligation for the current year. The RMD amount reflected in your Summary does not take into account other IRAs you may have, any rollovers, transfers, or failed conversions outstanding at year end, and any positions held in your account that are pending an update to their valuation. Please refer to the RMD letter included in your tax information package (sent each year by January 31) for additional information on your RMD amount.

If an RMD amount is not provided in your Retirement Contribution and Distribution Summary it may be because we are not required to provide RMD amount information or our records do not indicate that you have an RMD for the current year. Please note that we are not obligated to provide an RMD amount for IRAs containing assets received by a beneficiary from an original IRA owner (i.e., for "Inherited IRAs"). However, we may under certain circumstances and as an accommodation provide an RMD amount for Inherited IRAs. In addition, the RMD amount will not be given if your IRA (1) is a Roth IRA of an original IRA owner because the IRS does not require an RMD to be taken from these types of accounts during the lifetime of the original owner, (2) is a traditional IRA and our records indicate that the original owner has not yet reached age 70 ½, (3) is a traditional or Roth IRA and the original owner passed away in a previous year and the assets have not yet been distributed to the beneficiaries, (4) contains assets received by a trust beneficiary from an original IRA owner (i.e., "Inherited Trust IRAs"), or (5) did not have JPMorgan Chase Bank, N.A. as IRA custodian on the last business day of the prior year (i.e., the account was opened during the current calendar year). If JPMorgan Chase Bank, N.A. was not your IRA custodian on the last business day of the prior year, even though you may be required to take an RMD, we are not able to calculate your RMD without additional information from you. We will, however, calculate your RMD upon request.

Please refer to your copy of Form 5498 for information submitted to the Internal Revenue Service by JPMorgan Chase Bank, N.A., as custodian, of your IRA, including information about contributions, required minimum distributions, and the fair market value of the account. You are ultimately responsible for determining your RMD amount each year and for ensuring that you satisfy it, including, if applicable, whether to satisfy the RMD with distributions from multiple IRAs. Failure to satisfy your RMD can result in an IRS excess accumulation penalty of 50% of the amount not taken as required. For more information on RMDs you may wish to consult with a tax advisor and refer to IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs), a copy of which can be obtained by calling 1-800-TAX-FORM, or by visiting www.irs.gov.

If you have any additional questions about your RMD, please contact your J.P. Morgan representative.

IRA Account Withholding Notice

IRA withdrawals you are currently receiving, or plan on receiving in the future, are subject to Federal Income Tax Withholding at a mandatory rate of 10%, unless you elect not to have withholding apply, or you elect to withhold at a rate greater than 10%. You may also be subject to State Withholding. Your existing elections for recurring payments, if any, remain in effect unless you change them in writing. You may revoke or change your elections at any time by obtaining and completing a J.P. Morgan IRA Withdrawal Request. This form is available from your Client Service Team listed in your statement. U.S. citizens or resident aliens may not opt out of the 10% mandatory withholding on any distributions delivered outside the U.S. or its possessions. If you elect not to have taxes withheld you will be liable for all taxes due on the taxable portion of your distribution. Further, if you elect not to have withholding apply to your distribution payments or if you do not have enough Federal income tax withheld from your distribution, you may be responsible for payment of estimated tax. You may be liable for penalties and interest related to underpayment of estimated taxes if withholding and estimated tax payments are not sufficient. You are encouraged to contact your tax advisor to discuss your withdrawal options and how your withholding elections might affect your personal taxation.

IMPORTANT INFORMATION ABOUT REQUIRED MINIMUM DISTRIBUTIONS

The IRS generally requires that you must begin taking withdrawals from your Traditional IRA, SIMPLE IRA, or SEP IRA when you reach age 70½. Your required minimum distribution ("RMD") is the minimum amount you must withdraw from your account each year.

If an RMD amount is provided in your Retirement Contribution and Distribution Summary it is because our records indicate that you may have an RMD obligation for the current year. The RMD amount reflected in your Summary does not take into account other IRAs you may have, any rollovers, transfers, or failed conversions outstanding at year end, and any positions held in your account that are pending an update to their valuation. Please refer to the RMD letter included in your tax information package (sent each year by January 31) for additional information on your RMD amount.

If an RMD amount is not provided in your Retirement Contribution and Distribution Summary it may be because we are not required to provide RMD amount information or our records do not indicate that you have an RMD for the current year. Please note that we are not obligated to provide an RMD amount for IRAs containing assets received by a beneficiary from an original IRA owner (i.e., for "Inherited IRAs"). However, we may under certain circumstances and as an accommodation provide an RMD amount for inherited IRAs. In addition, the RMD amount will not be given if your IRA (1) is a Roth IRA of an original IRA owner because the IRS does not require an RMD to be taken from these types of accounts during the lifetime of the original owner, (2) is a traditional IRA and our records indicate that the original owner has not yet reached age 70 ½, (3) is a traditional or Roth IRA and the original owner passed away in a previous year and the assets have not yet been distributed to the beneficiaries, (4) contains assets received by a trust beneficiary from an original IRA owner (i.e., "Inherited Trust IRAs"), or (5) did not have JPMorgan Chase Bank, N.A. as IRA custodian on the last business day of the prior year (i.e., the account was opened during the current calendar year). If JPMorgan Chase Bank, N.A. was not your IRA custodian on the last business day of the prior year, even though you may be required to take an RMD, we are not able to calculate your RMD without additional information from you. We will, however, calculate your RMD upon request.

Please refer to your copy of Form 5498 for information submitted to the Internal Revenue Service by JPMorgan Chase Bank, N.A., as custodian, of your IRA, including information about contributions, required minimum distributions, and the fair market value of the account. You are ultimately responsible for determining your RMD amount each year and for ensuring that you satisfy it, including, if applicable, whether to satisfy the RMD with distributions from multiple IRAs. Failure to satisfy your RMD can result in an IRS excess accumulation penalty of 50% of the amount not taken as required. For more information on RMDs you may wish to consult with a tax advisor and refer to IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs), a copy of which can be obtained by calling 1-800-TAX-FORM, or by visiting www.irs.gov.

If you have any additional questions about your RMD, please contact your J.P. Morgan representative.

Important information regarding the shortened settlement cycle

Beginning Tuesday, September 5, 2017, the majority of fixed income and equity trades in United States financial markets will settle two business days after the trade date ("T+2"). This is a change from the current three-day settlement cycle ("T+3").

The adoption of the U.S. T+2 settlement cycle is an industry-wide initiative aiming to further enhance the safety and security of the financial system and to create global harmonization for settlement.

This change does not require any action on your part.

What you need to know

- As a result of the shortened settlement cycle:
 - Funds will be required to be available one day earlier to cover purchases and avoid overdrafts.
 - Payment will be received faster following the sale of a security.
- Trades executed on or:
 - Before Friday, September 1, 2017, will be settled following a T+3 settlement cycle.
 - After Tuesday, September 5, 2017, will be settled following a T+2 settlement cycle.
- Products in scope for U.S. T+2 include:
 - Most equities, corporate bonds, municipal bonds and unit investment trusts.
 - Financial instruments comprising the above-mentioned products. Examples include American Depositary Receipts, exchange-traded funds or products, options (exercise and assignments), rights and warrants.
- Securities not impacted by U.S. T+2 are financial instruments that settle at the discretion of the distributor and currently have extended or shortened settlement cycles.
- If your trades are executed with a third party and submitted to J.P. Morgan after the trade date for settlement processing, they will be handled on a best-efforts basis.

For the Period 7/1/17 to 7/31/17

For your convenience we have combined statement(s) for activity you conduct through J.P. Morgan in one package. Below are important disclosures relating to these different accounts. These statements may relate to various account types. Some of the disclosures are applicable to all of your accounts. For ease of reference the disclosures applicable to a particular type of account have been grouped together by descriptive headers.

IMPORTANT GENERAL INFORMATION APPLICABLE TO ALL OF YOUR ACCOUNT(S)

Important Information about Pricing, Valuations, Estimated Annual Income, and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for the exclusive use of the client.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits (for example, JPMorgan London Time Deposits) reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for information purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid, the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

In cases where we are unable to obtain a current market value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced". Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

When we are unable to obtain a current value from an internal or outside source for a particular security, the price column on your statement will indicate "unpriced".

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

To the extent applicable, please note the following regarding estimated annual income (EAI) and estimated yield (EY): EAI and EY for certain types of securities could include a return of principal or capital gains in which case the EAI and EY would be overstated. EAI and EY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate.
