Amended Motion for Immediate DISQUALIFICATION of Judge David French

Comes now Julie M. Gonzalez(Petitioner) and files under information and belief this Petition and Affidavit for Immediate Disqualification of Judge David French, Pursuant to Fla R. Admin P. 2.330 and section 38.10, Florida Statutes, for the following grounds and reasons:

Rule 2.330 (a) Application .

This rule applies only to county and circuit judges in all matters in all divisions of Court.

- 1- Judge David French is a Circuit judge in the 15th Judicial Circuit Probate Division
- 2- Petitioner, a party to the case moves for mandatory disqualification and to otherwise disqualify trial judge David French provided by rules, statutes and by the code of Judicial Conduct.

Judge David French has violated the following Judicial Canons, including but not limited to,

- a- **Canon one-** A judge Shall Uphold the integrity and independence of the Judiciary
- b- **Canon two-** A Judge Shall avoid Impropriety and the Appearance of Impropriety in all of the Judge's Activities.
- c- **Canon three-** A Judge Shall Perform the Duties of Judicial Office IMPARTIALLY and Diligently.

Judge David French has violated Statutes related to, including but not limited to;

Fraud by the Court. Fraud in the Court. Obstruction of Justice through Denial of Due Process. Prejudice. Aiding and Abetting and more.

Judge David French has consistently deprived my basic Constitutional right to be heard in Court. He has obstructed and denied my Due Process. He has been Prejudiced against me and has sheltered opposing council Anthony Aragona and his client Lloyd G. Wickboldt.

Judge David French, has openly and also under the color of Law, denied me and obstructed my Due process, denied me my First and Fourteen amendment rights. Consistently and maliciously ignoring my

pleadings, witnesses testimony and factual evidence in my favor to prove my case. Judge French, Regardless of unlimited prove to show, first, to prove my case; to show evidence that Lloyd Wickboldt is in fact an abuser, a Narcissist; that not only abused ME physically, psychologically and emotional and should have been prosecuted by the law but also he has a record of Domestic abuse, of multiple restraining orders and has even been in jail for Domestic violence before in another State. Judge French has consistently has made negative "recommendations" in my case, without even hearing me on the stand. One of his favorite actions after his ruling is to have me attend a follow up Hearing with a General Magistrate, who knows nothing of the case and this Magistrate only signs His order against me. Again without even hearing me, without even knowing anything else contrary to my ex husband's and his attorney false allegations against me. This case is so disturbing to Justice, that even for me, who is experiencing these incredible acts of deception and injustice and corruption in a Court of Law, is hard to believe; I am in shock and despair for such disregard to decency and Justice.

Please read Motion from March of 2013. Where I, Petitioner, requested the return of her personal property stolen by husband Lloyd G. Wickboldt. Petitioner also asked the court for the legal use of the car Petitioner was driving since vehicle was purchased months before the marriage and given to Petitioner as a wedding gift (even though Petitioner had given her own car as a deposit for the new car) Petitioner wanting to help husband to be, who had no credit history after filing for bankruptcy 3 years earlier. (Petitioner had been led to believe at the time, it was 5 years earlier) the car was put under husbands to be, name; husband had also contributed with a cash gift towards the purchase. Petitioner always drove this car, to work, for pleasure and it was kept in my garage of my own home where I lived before the marriage, as agreed with future husband. Nothing was ever mentioned or discussed about future husband having any claims in this car. Otherwise I would Not have given my car as a down payment for a car that it was not meant to be for me. The agreement was that it was a gift to me and that is the reason why I gave my own car as a deposit for the new vehicle. I never got my property back from the abuser; and my car had been falsely reported as stolen by my abuser and I was not able to drive it for I could not get insurance nor I could renew the auto sticker for the car when it was due. Judge French after verbally in court granting my motions; He changed his mind, and my ex never returned my property nor I was given the documents I needed to drive my car. Shortly after I filed a motion to have respondent found in contempt of court; I never received notification even though I repeatedly call Judge French Office for news or update. Again depriving me of my Due process and sheltering my ex-husband.

The ultimate appalling action from Judge French, is when he, did not even acknowledged my Motion for Continuance of Trial, after he had dismiss my attorney at her request, only a few weeks before Trial. He only responded verbally when I after many times of trying to reach him was able to verbally ask him and He only responded ' your Motion is denied.'

I was not represented in Court during my divorce Trial; I was in no condition to represent myself in court, I have no knowledge of the legal system and I had been under a lot of distress; I asked again in Court to please grant me a Continuance for the reasons I just described plus the fact that my Motion had never been acknowledged before; Judge Harrison, a retiree from Virginia, who I have never met before,

was the sitting Judge this day. He responded to my pleading " I was told Not to Grant a Continuance of Trial" . Judge Harrison had been obviously briefed by Judge French Not to grant me a Continuance.

During the Trial I was not allowed to testify. My witnesses were not allowed to testify either. The court requested I reveal my living address, as requested by MR. Aragona,(opposing council). The court insisted I reveal my true address; I tried to give my ACP card with my pseudo address to the Judge, upon inspection and under Mr. Aragona's directions, Judge Harrison told me I was going to be held in contempt of Court if I did not reveal my true address (in front of my abuser) I tried to plead with the judge and told him I was afraid for my safety. (I attest that this is true and it was omitted from the Transcript)The Judge again said I was in contempt and I had 2 mins to reveal my address. I reported a different address to the court, for Fear my life was in danger; I could not reveal to my abuser where I had been hiding for the past 3 years(since 2011) when I came back home. Everything in my life has been changed, voters registration, mail, work, everything was changed and reported to the proper authorities including the Court. Judge David French, has never acknowledge the fact that I was bullied and put in a position NO victim should be put through in front of their abuser. After the Trial, He has denied every time my efforts to prove I live in my home, I have everything to prove that; including the paper work filed with the Attorney General where my living address is in record. My own Homestead exemption. Nothing has been able to stop Judge French in wanting to sell my property, insisting I do not live there, regardless of witnesses and clear and concise documentation to prove of my Homestead. Judge David French malicious wrong doing and lack of justice in my case, has caused me my health, my job ; knowingly and maliciously Judge French is determined to steal my house, my Homestead. My pre-marital home, where I have been hiding for the past five years of my live from a despicable man who abused me, who tried to kill me with his own bare hands, and destroyed my life. I have been through a lot of pain and suffering, I had been paralyzed by fear of this man who was supposed to be my life companion. Judge French was aware I had an ACP card issued by the State Attorney General and he knew exactly why I had that ID card with a pseudo address; because I had told him so. Yet he failed maliciously to recognized or even acknowledge the psychological trauma that having been bullied and verbally abused during divorce Trial by Mr. Aragona would cause. Mr Aragona bullied my in court, and demanded I provide my living address in front of my abuser. I tried to speak with the Judge and handed him my ACP card with my pseudo address; Mr Aragona demanded the Judge to force me to say where I lived or to held in contempt of court. (Later after Trial I learned that Mr. Aragona had filed a suit against me and I had not even been served) Based on this they are trying to take my home.

Mr. Aragona and corroborated by the Judge ; said that my ex husband and abuser, the man I have been hiding from for fear of my life, was given the right to sell my homestead with the blessing of the US Family Court. I could not believe this had happened , I had tried to prove time and time again with sworn affidavits, documentation to prove my Homestead is my own property , That I have been living there before and after I ran away from my abusive husband . I had brought witnesses, documents, and my sworn testimony that a huge injustice has been made. Judge French would not listen to any of my witnesses, or any prove presented. Mr Aragona insist that I must be lying and Judge French would not hear me. Judge French has violated all my rights, he has victimized me in court just as much as I was

Amended Motion to Disqualify Page 3

victimized by a cruel man who was my husband, or worse because Judge French represented Justice to me, the Victim. All of these information and more , much more can be easily found in my court file.

Judge French has been very bias and prejudiced against me! Ruling and making recommendations without not even allowed me to testify. I have reasons to believe Judge French will never be fair to me or my case. He has destroyed my life; and I fear he will not stop until he gets my Home and sees me on the streets, why..? Im not quite sure... Furthermore I fear I will not get a fair Trial or Hearing from any of the Judges or Magistrates is the 15th circuit court of Delray Beach. Please remove all my files from this Court.

Petitioner seeks that upon Disqualification of Judge French, that all factual or legal rulings be vacated by the successor judge due to alleged criminal acts and civil torts against Petitioner. Furthermore Petitioner seeks a replacement judge that is not from the 15 circuit court in Delray Beach, nor Magistrate.

Judge French should immediately voluntarily disqualify himself from my case.

All these information is made in god faith and are true to the best of my knowledge and belief,

Dated : May 20, 2016.

Respectfully submitted,

Julie M. Gonzalez.
