Law on Living in Truth Always (“LOLITA”) is Everyone's Common Sense from Womb to Tomb for Good to penalize Evil, ISN'T IT?

Palm Beach, Jul 10, 2019 (IssueWire.com) - [Judge Goodman](#)

Law on Living in Truth Always (“LOLITA”) is Everyone's Common Sense from Womb to Tomb for Good to Penalize Evil, ISN'T IT?

A Grandmother and Mother Marla Martins, 54, is NO ROBOT. My 24/7 legal duties imposed by **LOLITA** is to keep begging the Royal Caribbean Cruises Ltd (“RCL”) misleadership's law-defiant attitudes to please reverse and correct into leadership's law-compliant attitudes under **LOLITA**.

Legally mandated **Safety and Security Warnings** under **LOLITA** mandate adding the **Living in Truth NEWS** experienced by both the RCL family and the Martins family *to help all cruise-buyers in millions make 100% informed decisions which RCL prevented Martins family from making.*

“As cruise-buyers, Martins family members were also sold by the RCL the **08.28.2013 murder-on-the-sea** of Marla’s daughter Briana, 17, and of the RCL **zealous lawyers** who RCL paid sky-high legal fees to conspire with *self-immunized incredible Judge Jonathan Goodman (together, “Crime Promoters”)* to *commit Justicide-in-the-Court to immunize all the conspirators to keep terrorizing cruise-buyers, even keep making them as cruise-buying prey pay them as cruise-selling predators their zealous lawyers’ sky-high legal fees for selling malpractice of law to protect law-defiants as if it was practice of law to protect law-compliants. It’s the Buyer-Beware Seller-Don’t-Care Law sold as Predatory Freedom. It helps RCL to keep committing immunized crimes-on-the-sea and conspirators to keep committing immunized Justicide in-the-Courts. Together as the grand scheme of predatory attitudes, they will keep hurting everyone, helping no one, for evil to keep making blood money with immunity.*

As prevention of Injustice by laws misapplied committing cold-blooded Justicide is better than cure with delayed Justice by laws correctly applied since crimes like murders, even rapes, as Injustice by the murderers and the rapists have no cure for sure, isn’t it also **social medias’** 24/7 legal duties imposed by **LOLITA** to keep begging the law-defiants to please become law-compliants under **LOLITA** and **STOP** making blood moneys in billions and billions from committing cold-blooded *crimes-on-the-seas* and *initial and still ongoing Justicide-in-the-Courts until duly reversed and corrected by final Justice in the Court to finally upgrade into Crime Stoppers from being Crime Promoters?*

All cruise-buyers in millions and Martins family members got to wait and watch the date when the overdue STOP comes to the self-proving immunized conspiracy by the inevitable U-Turn in their evil mindsets, knowing that Justice delayed is Justice Denied, that Justice Denied is Injustice Magnified, that Injustice Magnified is Justice Crucified, and overdue Resurrection of Justice is the Savior personified by Judge Goodman to help all and hurt none with due thanks to the **omnipotent press which shall keep making this self-healing NEWS keep going viral until everyone’s unhealthy mind is healed into everyone’s healthy mind as it was, and should have continued to be so, since day one from womb to tomb but for the predatory conspiring Church, Courts and Constitution.**
