---	------------------------------------

DECLARATION TO ILLINOIS SUPREME COURT

The undersigned doth depose and saith:

1. My name is Eliot Ivan Bernstein and my address is 2753 NW 34th St. Boca Raton, FL 33434 and this is in regard to the ARDC's current mission to take away the law license of Attorney Joanne Denison ("Ms. Denison") for merely running a blog that tells the truth about the fraud on the court and the lack of respect for the US and State Constitutions and the Illinois Probate Act in and without the Illinois Probate System.
2. I am very familiar with Ms. Denison's blog and have read about 15 posts on it.
3. I have read the complaint in Ms. Denison's case and am familiar with it. I understand that the ARDC desires to take away Ms. Denison's law license because she blogs about fraud and corruption in Probate and other cases. I believe it is wrong to go after someone who exposes only the truth. I have read the blog and Ms. Denison's blog is extremely helpful to Probate Victims and their families. I am very familiar with her work, and she does in fact tell the truth to the best of my knowledge.
4. I have read the ARDC's petition for an Immediate Suspension of Ms. Denison's Law License and I know that she helps many, many people without any payment demands, and many cases she takes are pro bono with no expectation of payment. No other attorney admitted to the bar in Illinois does that. Without her assistance, dozens of indigent and lower middle class families would have no help and no hope in these horrific guardianship cases. She helps everyone that comes to her as best she can.
5. I have not yet been legally helped by Ms. Denison but we are discussing work on a pro bono basis or

for what I can pay, which is only a small portion of the true legal bill. Without her, her I would not have any representation. Prior to contacting Ms. Denison, I had sought help from approximately 100+ attorneys and paid \$250,000 – all to no avail in my case.

6. I do not know the Sykes family very well or Gloria Sykes personally but what Ms. Denison says about the Sykes family appears to be true and accurate.

7. I have read the Petition for Immediate Suspension of Ms. Denison's law license and I strongly disagree with it. This document falsely states that Ms. Denison is a danger to the public and to her clients and that she makes false statements against judges and judicial officials, none of that is true.

8. The immediate suspension of Ms. Denison would leave dozens and dozens of clients without help or representation, including possibly myself.

Her suspension must not happen. She is not a danger to anyone other than those that want to cover up the truth.

9. Other comments:

To take away Ms. Denison's license would be injustice to those injured by Justice.

10. I give Ms. Denison permission to post my comments and declaration but not the ARDC.

Further declarant saith not.

I hereby declare that the above statements are true and accurate to the best of my knowledge; if called to testify, I would testify as to the same.

Respectfully submitted:
