RE: The Trump/Trump family criminal empire is far worse, more dangerous and deeper than contemplated

Dear Michael:

First, a BIG thank you for speaking up and exposing the Trump crime ring. I am an attorney who has a first row seat in the terrifying Kafkaesque schemes and scams being perpetrated by Donald Trump and the entire government that has become utterly and completely lawless.

I lived and worked in New York (E. 63<sup>rd</sup> St) for many years. I joined Corcoran after resigning from practicing real estate law (please see the testimonials from my clients attached).

I am writing on behalf of millions of Americans whose lives are being destroyed by “public servant” government officials in an American government that has gone rogue. Our issues originate from corrupt judges who deliberately violate the law and use the courts to steal and strip the rights, property and liberty of the American public in farcical “legal proceedings” in the guise of legitimacy. It is the perfect crime – fraud by and in the court.

Nowhere is the court corruption more abhorrent than in a monstrous court coined “guardian court” where our parents, retired or older adults with financial assets are seized, isolated from their families and their homes and life savings stolen and extorted in the guise of “fees”. This is a form of human trafficking <sup>1</sup>and is sponsored, funded and sanctioned by every branch of the government. We have sued Donald Trump in multiple courts where he becomes illegally protected by his accomplice William Barr who surfaces to represent him.

Former Governor Charlie Crist has described the seizure of these vulnerable adults by the Guardian Human Trafficking/Corruption Racket as kidnapping.

Please review this lawsuit we filed against Trump in Connecticut that explains this racket.

We attempted to remove the case from Florida because the human trafficking of vulnerable adult is Florida' biggest secretive business because of the large population of affluent seniors. This is a brief summary of the deadly, diabolical tactics that are orchestrated in the guardian racket where Corrupt color of law Probate Court Judges, Attorneys and Guardians:

1. rule "Competent" vulnerable Americans "Incapacitated" ;
2. then strip them of their human, fundamental and Civil Rights and their right to vote;
3. they are relentless drugged with toxic, illegal psychotropic drugs, a chemical restraint used to drug them up so they cannot fight back or even talk;
4. They are forcibly removed from their families;
5. They have fewer rights than a murderer on death row;
6. The Judge, Attorneys and Guardians steal their entire estate, Generations of Assets, 401k's, Social Security, Jewelry, Cars, and Homes by devising fake fees for the time they spend perpetrating these crimes and steal the money from the vulnerable adults they have kidnapped and holding in captivity such that vulnerable adults are paying the criminal racketeers to abuse them;
7. after everything is stolen, they force our seniors to take about a toxic dose of these illegal psychotropic drugs to cause their Sudden Cardiac Death.<sup>2</sup>

Our government has become a kleptocracy... rule by thieves. This has become almost irreversible under the reign of the Trump empire. Donald Trump has installed his entire family into office in violation of a string of Federal law.

This is the "Most Important" and "Urgent" issue in our country, in fact, the world today. The civil unrest is all related. We have become lawless – no law, no order and no justice because public officials fails to follow and enforce the law and have no accountability as judges and lawyers "self-police" i.e. "self-protect" and give themselves immunity for their crimes.<sup>3</sup> Please

I have been repeatedly incarcerated (as has many others in our group) for “contempt” of court for exposing the crimes being perpetrated by corrupt “officers of the court.” This is a horrific tactic used by these dirty judges to silence, gag and intimidate us from exposing their crimes.

We would like to talk with you about working together to make the public aware of the massive corruption in the government and our proposals for resolution. We can meet in New York or by telephone/zoom conference. Please confirm your receipt of this letter and when is good to talk.
